Kay's Kitchen

By Kay Fisher

Ham for Easter is as traditional as pretty new outfits for little girls and boys. So for your Easter dinner select ham in a size needed for your family or if you are having guests. If you are cooking a pre-cooked ham whole, allow 15 minutes to the pound. For a whole ham total cooking time for weight of about 12 pounds allow 3 1/2 to 4 hours. For a half ham about 6 pounds, I usually bake about 21/2 to 3 hours.

Place ham on rack in shallow pan and bake in slow oven at 325 degrees for the required time. About half an hour before ham is done, lift rack and ham from pan and pour off fat. Return rack and ham to pan, score ham fat to a depth of about 1/4 inch.

For a different glaze try spreading top of ham with orange marmalade. Continue baking about 30 minutes.

If you are using a canned ham, bake a 6 pound one about 2 hours. Use the orange marmalade for glaze during last 30 minutes.

Sweet potatoes go nicely with ham. Use either canned ones or fresh. When potatoes are done, mash with plenty of butter and juice from canned pineapple. Grease a casserole with butter, and spoon drained pineapple in a not too thick layer over bottom of dish then spread the mashed sweet potatoes over pineapple. Top with marshmallows and bake until golden.

For a green vegetable use lima beans. Use frozen ones but do cook longer than package directs. When done add 2 or 3 tablespoons butter, 1/4 cup toasted almonds, salt and freshly ground black pepper.

Now for salad.

ORANGE-PEACH SALAD

Dissolve 1 package of orange jello with 1 cup boiling water and 1 cup juice from canned peaches. If there is not enough juice, add water to make 1 cup. In bottom of individual molds put a cube of cream cheese pressed between two pecan halves, then 1/2 canned peach cut side down. Pour jello to fill molds. When firm unmold on Bibb lettuce and surround with fresh orange sections. Canned sections may be used. Serve with a dressing of half mayonnaise and cream cheese, whipped together with enough orange juice to make a light, fluffy topping.

STRAWBERRY FLUFF

1 cup miniature marshmallows
1 cup whipping cream
1 egg white
dash of salt
fresh strawberries

Whip cream. In separate bowl whip until stiff the egg white and salt. Fold in the marshmallows, then the whipped cream. Chill several hours. Shortly before serving fold in 1 cup crushed strawberries. Serve in sherbert glasses, topped with a whole strawberry.

This is a good way to use strawberries now when they come in a small basket with a big price. But oh, so good!

Don't forget to make your favorite roll to serve with this special dinner.

In the Fruit Salad recipe published last week, March 25, 1971, I failed to say miniature marshmallows.

Charles B. Hart Announces Candidacy

To the citizens of Nicholas County: I would like to take this means to announce my candidacy for the office of the Representative of the 74th District composed of Nicholas, Montgomery, and Bath Counties. We would like to welcome Nicholas County to the 74th District brought about by the redistricting of the Kentucky Counties.

We have noticed in traveling through your county the similiarity between Nicholas and Bath. The farming practices and problems are very much the same. Nicholas is more advanced than we in that you already have a hospital and a factory. We, as Bath Countians, appreciate the job opportunities supplied by you to some of our citizens. We noticed your building project of the new school--a need that we anticipate in the near future. In seeing and understanding our like needs, we feel that we can represent the people of our district in a way that would be pleasing to you.

We would like to discuss the office of the Representative of the 74th District. As a representative of these 3 counties the one who stands in your place must know the needs, the potential, and the ambitions of his people. I have a sincere desire to be that man. I shall endeavor to be at my very best for you as you share with me your needs.

In order to win your confidence, I would like to make myself known to you. I am 45 years old, a native of Bath County, married to the former Norma Calvert, daughter of the late L.O. Calvert and Mrs. Bettie Doyle Calvert of Sharpsburg. We have 3 children: the youngest beginning school, second a sophomore at Bath County High School, and the oldest facing draft age. I have been a farmer all my life with social interests including church work, schools, farm interests through the Farm Bureau, A.S.C. Committee work, county extension industrial development, and government interests thru service in World War II, and served a 4 year term as county commissioner.

I have the support of my neighbors and those who know me well. I ask for your support thru your confidence, your vote, and your influence in my behalf. In return to each citizen I pledge my very best services through the power of this office and will strive to be the kind of representative that I would want to represent me.

My Trip To The Library

By Pamela Hicks

On March 30, 1971, our English class, along with Mrs. Clay, took a trip to the public library. It was a beautiful day outside and the walk down to it was really refreshing.

When we got to the library we formed a semi-circle around the back. Soon the librarian gave a little talk on how to check out a book and other library procedures for those who had never been to the library before.

Then we got to browse through the books and many people who were not members of the library went up and filled out a membership card. As for myself, I checked out a book about George Bernard Shaw for my history report and a Time magazine which had a feature article in it on one of my favorite singers. One of my friends showed me a book on a Vietnam nurse and I got it also.

After everyone had browsed for a while, we went down in the basement to visit the kindergarten class. This was a first for me and I thought it was amazing how they had everything so neatly arranged.

The children had just finished doing their writing papers and we got to go around and look at them. Then the children did three square dances to record which were really grand performances.

All too soon it was time to go and we made our way back to school. I really enjoyed the trip and quoting a friend of mine, "I wish we could do this every day!"

Will Israel Again Be Invincible?

"He Jews," wrote novelist Herman Wouk recently, "are living our most momentous century since the fall of Jerusalem in the year 70. . . I see with my own eyes a shattered nation pulling itself together."

The miracle of the return to life of a dead nation — unparalleled in human history — has taken place in our time. The present tension in the Middle East is a consequence of the unwillingness of Egypt, the Arab states, and their ally, Russia, to adjust to the fact that Israel has been re-established and has a right to live in peace.

Prophecies Fulfilled

The re-establishment of Israel was predicted many centuries ago, by Old Testament prophets. They warned the Israelites that their nation would perish if the people turned away from their God, but also declared that it would again be established.

The people failed to heed the warnings and the dire predictions came true. The nation was subjugated by conquerors — and finally ceased to exist.

The city of Jerusalem was demolished and its people massacred under the Roman Emperor Titus in 70 A.D.

The fall of the city had been predicted by Jesus, shortly before His crucifixion.

"O Jerusalem, Jerusalem," He exclaimed, "how often would I have gathered thy children together, even as a hen gatheth her chickens under her wings, and ye would not! Behold your house is left unto you desolate."

Though a multitude, waving palm branches and shouting for joy, had acclaimed Him as "the King of Israel, that cometh in the name of the Lord" — as He rode into Jerusalem on a donkey — He knew that another crowd would soon shout, "Crucify Him!" And He knew that the cries of the crowd demanding His death would prevail.

Though Pilate wished to release Jesus, Whom he found guiltless, "the chief priests and elders persuaded the people that they should ask Barabbas and destroy Jesus."

He washed his hands in a basin of water, to symbolize his innocence of the great wrong which he was at the same time — because of pressure from the crowd — ordering to be done.

So Jesus was crucified. And, less than 40 years later, the people of Jerusalem were annihilated and the city itself wiped off the face of the earth. Historians state that a million people were slaughtered in the destruction of the city.

The nation of Israel did not live again until 1948.

Momentous Time

But now, as Herman Wouk has said, the Jews are living their most momentous century since that time, 1900 years ago last year.

Now the nation of Israel appears to be secure and has the invincibility it had in the days of King David.

Egypt and her allies should ponder the history of Egypt vs. Israel — including the Red Sea incident and the six-day war — and determine wisely what their course of action should be.

Of course, the Russians, being Communists, say that there is no God. But it may be interesting to see what happens when they and their allies undertake to fight against Him.
