ASC to get committee nominations

Farmers are asked to nominate candidates of their choice to be on the ASC community committee ballot, Anna L. Conner, County Executive Director states.

The ASC community committee election will be conducted from Nov. 30 to Dec. 6 by mail ballot. The four ASC communities in Nicholas County are: Community A — Headquarters and Barterville; Community B — Ellisville and Myers; Community C — Moorefield and East Union; Community D — Carlisle and Parks.

ASC Committees are responsible for managing government farm programs on the local level. To meet the needs of individual producers, ASC committee members must be concerned and responsible individuals, Conner said. Nicholas County farmers have the opportunity to nominate the person they feel would best serve the farm community. Farmers have received petition forms by mail and are now submitting them to the county ASCS office.

A few basic considerations should be kept in mind when circulating petitions, Conner said. In order to be valid, petitions must be limited to one nominee each, must include written certification that the nominee is willing to serve if elected, must be received in the county ASCS office no later than Nov. 1.

Farmers may circulate or sign nominating petitions for as many candidates as they choose. Anyone wishing to nominate a farmer for the ASC committee election may contact the county ASCS office for full details, including eligibility requirements for office holders.

"Farmers should petition for and elect those individuals they feel would do a good job as a member of the ASC committee. The election of concerned farmers to positions on ASC committees is essential in the administration of farm program," Conner said.

Woodford tips NCHS

by Meg Conley

The Woodford County Yellow Jackets defeated Nicholas County 36-12 Friday night at Versailles in a game hampered by rain.

Woodford County scored in the first quarter on a one yard plunge by Craig Buchanan. The kick attempt for the extra point failed.

Woodford County scored again in the second quarter when George Brown intercepted a Nicholas County pass and returned it 40 yards for a touchdown. The attempt for a two-point conversion failed.

The Bluejackets got on the scoreboard in the second quarter with a pass interception returned by Rocky Young. The run attempt for the extra point failed.

However, Woodford County scored again in the second quarter on a 63-yard pass play from Matt Wallace to Jeff Blair. Brian Padgett ran for the two-point conversion, making the half-time score 20-6.

Third quarter

The Bluejackets scored in the third quarter on a 15-yard run by Steve Anderson. The run attempt failed for the extra point.

Woodford County closed out the scoring in the fourth quarter on a 30 yard pass play from Wallace to Padgett, with the extra point run attempt failing.

Stats

Robert Hopkins carried 23 times for 97 yards. Keith Williams carried nine times for 36 yards. Steve Anderson carried 10 times for 31 yards. Eric McGuffey completed three of five passes and two interceptions. Terry Ledford led Nicholas defense with 14 tackles. Darrin Robinson made nine tackles. Keith Williams made six tackles. Pat Pope made five tackles. Rocky Young made four tackles and one pass interception to a touchdown. Scott Ramey made four tackles. Hubert Hopkins and Steve Anderson made three tackles. David Hunter and Greg Robinson made two tackles each.

Nicholas County's record now stands at 3-4. They will meet with Raceland, at home, Friday, Oct. 15, at 8:00.

Nicholas economy
Is suffering, says candidate Don Mills

Business bankruptcies have soared 119 percent and unemployment has climbed 89 percent in the Sixth Congressional District in the past three years, according to state and federal figures released by Don Mills, Democratic candidate for Congress.

"Nicholas County has distressingly high unemployment and bankruptcy rates, especially considering the light population," said Mills, noting that bankruptcies jumped 400 percent and unemployment is up 25 percent.

"Reaganomics, which has been heartily supported by the Sixth District's Republican congressman, is threatening to destroy the economy of the nation, state, district and county," Mills charged.

State unemployment figures show there were 22,250 people without jobs in the district in July of this year, 10,472 more than in July of 1979. In Nicholas County, 263 were out of work compared with 210 in 1979.

"These figures do not include hundreds, perhaps thousands, of other people in the district who have dropped off the unemployment lists after their benefits ran out or they gave up hope of finding a job," Mills said.

Bankrupcies

In the year's reporting period for federal courts, July 1981 through this June, 336 businesses filed for bankruptcy in the district compared with 149 for the same period in 1979-1980.

There was a total of 23 filings for bankruptcy from Nicholas County for the latest reporting period compared with only six for the '79-'80 period, according to federal court records. Business filings increased from four to 10 and non-business from two to 23 for the periods.

"Something must be done to help our small businessmen and farmers who are in financial distress," Mills stated. "I would favor special loan funds or extension on loans already held by the Farmers Home Administration and the Small Business Administration," the Democrat explained.

"Strong action must be taken to keep this continuing recession from turning into another Great Depression. Hard times are already at the door of thousands in the district. Undoubtedly, you know at least one family that has been hit by this economic whirlwind," Mills said. "Let's turn things around before the poison of Reaganomics 'trickles down' on all of us," he added.

The data cited by Mills were furnished by the state Cabinet for Human Resources and the U.S. Office of the Courts in Washington, D.C. At the time the figures were compiled, June was the end of the current reporting period for the courts and July unemployment statistics were the latest available on a county-by-county basis.

The 16 counties in the Sixth Congressional District are Anderson, Bourbon, Boyle, Bracken, Clark, Fayette, Harrison, Franklin, Madison, Mercer, Montgomery, Nicholas, Scott, Robertson, Shelby and Woodford.

NOTICE TO KENTUCKY UTILITIES COMPANY CUSTOMERS

On September 22, 1982 Kentucky Utilities Company filed with the Public Service Commission of Kentucky increased rates for electric service proposed to become effective October 12, 1982. The proposed increase is in lieu of rates proposed by Kentucky Utilities Company. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates in this notice.

Any corporation, association, body politic or person may by motion within thirty (30) days after publication in making such a party of interest, request to intervene. Such motion should be submitted to the Public Service Commission, 730 Schenkel Lane, P. O. Box 615, Frankfort, Kentucky 40602, and should set forth the grounds for the request, including the status and interest of the party. A copy of the application and testimony is available for public inspection at the Company's offices. Persons whose motion to intervene has been sustained by the Public Service Commission may obtain copies of the application and testimony by contacting the Company through S. K.
