Why is Farm Credit Services Returning More Than $100 Million To Farmers ?

TRUST. Over the years thousands of farmers in Indiana, Kentucky, Ohio and Tennessee have put their trust in us. By the investment of stock in their Farm Credit Associations, they guaranteed a dependable supply of funds to keep agriculture growing. We've weathered hard times and now as a re-organized, full-service lender, we're able to return a large portion of those stock equities to farmers. This extraordinary return of cash represents the strength of Farm Credit Services of Mid-America, ACA — your new association. We're 60,000 farmers strong, and growing. And we're returning $100 million in trust to farmers.
