ABOUT CARLISLE

Mr. and Mrs. Robert Poline have returned from a two week vacation in Puerto Vallarta, Mexico.

Robyn Potter is the Radiology Department Manager at Johnson- Mathers Health Care, that is Nicholas County Hospital.

One of her responsibilities is to manage the Mammography services.

"Everything has been ready since February 13."

Her education has been through in-service, consulting hands-on with the company representative for three days and prior training and education at another facility.

"This is state of the art equipment-the same as UK," according Dan Miller, JHMC Administrator.

For maximum results compression may be uncomfortable warned Potter, but "30 seconds of compression is worth the discomfort to have assurance.

Most patients are very cooperative.

Further suggestions for optimum comfort are to avoid caffeine for up to two weeks prior to the test. That means no chocolate either. Also, breasts will be less tender one week after a menstrual period.

"We never do them on pregnant women. It is an unnecessary risk."

The environment is very feminine and information in the form of tapes may be viewed in the comfort of the attractively decorated room. Pamphlets from the American Cancer Society are readily available from Robyn.

"We do about four exams each day." A complete medical history is taken; and a follow-up is conducted personally by Robyn.

Some are very scared from hearing horror stories. But after explanations are given there is nothing of which to be afraid.

Every woman between the ages of 35 and 40 should have what is called a baseline exam. Then after 40, every two years, and after 50, every year.

If an exam should test positive, follow-up with the physician is immediate and with the patient, it is continuous.

The cost is usually covered by most insurance companies. The basic hospital cost is $60 and the Radiologist fee is $32.00.

For those women who do not have insurance, they are encouraged to seek assistance and information from the Nicholas County Health Department or The Department of Social Services.

See your physician or contact Robyn at the hospital to make an appointment.

An Australian Film Company shooting a mini series for Australian contacted the Ky. Film Commission as well as the film commissions in 7 other states.

The film company was seeking to shoot in a small town which has late 1800's buildings and also utilizing an old train.

The Ky Film Commission contacted Wesley and Shirley Ross with the Kentucky Central Railway, The Bluegrass Route.

Mr. Ross, in turn, contacted Tourism, Inc.

A video tape was sent along with a video of the Ky Central Railway train to the Australian film company.

Carlisle came in as second choice from towns across eight states.

Mr. and Mrs. Robert Carson visited the Lawrenceville Baptist Church, Sunday, where Rev. Charles Walters is pastor. The Walters family sang in the afternoon.

Mrs. G.W. Sexton, Mrs. Catherine Barlow and Mr. and Mrs. Robert Carson were in Mt. Sterling, Saturday.

SOCIAL SECURITY UPDATE

Q. Our disabled son just became entitled to SSI payments. Why must we report changes in our resources to Social Security? His eligibility is based on his disability, isn't it?

A. Yes. Your son must be disabled in order to receive SSI payments. However, his SSI eligibility is also based on the amount of his income and resources. Until he reaches 18, part of you income and resources are also considered as belonging to him. If either of these is too high, his payment may be affected.

Q. Can a person who is not a United States Citizen receive SSI payments?

A. If the person has been given permanent residency status, or if the Immigration and Naturalization Service has given him or her permission to remain in the country, that person may be able to receive SSI if the other eligibility requirements are met.

Despite advances in the economic status of most retirees, older women, especially women ever age 85, remain one of the most economically vulnerable groups in our society. Social Security hopes that its current Supplemental Security Income (SSI) outreach effort will assist some of these older women.

Because of differences in life expectancies, 70 percent of Social Security beneficiaries age 85 and older are women. Their benefits are usually lower than men in the same age group because historically women have had lower paying jobs or have taken time out of the labor force to care for their families.

Additionally, many women at 65 have savings and other resources which are gone by 85. Their resources may be depleted by a husband's final illness or the increased living expenses of living alone as a widow.

SSI provides an income floor for many older people with low Social Security benefits and reduced financial resources. Over 75 percent of the SSI recipients over age 85 are women, and advocacy groups believe many more older women may be eligible for SSI.

Social Security Commissioner Gwendolyn S. King has committed the Agency to an outreach effort to ensure that all individuals who are potentially eligible for SSI know about the program, know what the benefits of the program can mean to them, and have an opportunity to obtain benefits.

The telephone number is 1-800-2345-SSA (1-800-234-5772).

Baptism ceremony held last Sunday

The Moorefield United Methodist Church was the scene Easter Sunday Morning for the Sacrament of Infant Baptism for Seth Roberts Haney, son of Mr. and Mrs. J. Michael Haney of Carlisle.

Many family members and guests joined the parents and the congregation for the ceremony.

Two great grandmothers of the infant, Mrs. Frances Haney and Mrs. Ruth Clavell were among those present.

Mr. and Mrs. Ewell R. Lyons and Mrs. Lorena C. Haney hosted a luncheon at the Lyons' Concord Road home after the church services for the following guests: Mrs. Ruth Clavell, Mr. and Mrs. J. Michael Haney and Seth Roberts, Mr. and Mrs. Bill Tolliver and Tyler, and Rev. Roy C. Hunt of Nicholas County, Mr. and Mrs. Rob Lyons and Mrs. Katherine L. Moore of Paris, Mrs. John Snedegar of Owingsville, and Mr. Tracy Tolliver of Maysville.
