A Fortune for Kentuckians.

A dispatch from Maysville, April 2, says: "The famous 'Levi estate,' estimated at the enormous sum of $60,000,000, said to be lying in the Bank of England, has a claimant in this city in the person of Mrs. Lennie Purnell. She has recently received a letter from her brother, Coley Grant, stating that the will of Mordecai Levi had at last been found and that copy would be sent here by the middle of next month. The property was willed to 'Judas Levi, of Kentucky,' then a citizen of this city. Mrs. Purnell is one of the decendants of this Judas Levi. There are about twenty principal heirs and they, with their children and children's children, will have a snug fortune each if they succeed in establishing their claim.

A Suggestion to the Traveling Public

Tourists, emigrants and mariners find that Hostetter's Stomache Bitters is a medicinal safeguard against unhealthy influences, upon which they can implicitly rely, since it prevents the effects of vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health. On long voyages, or journeys in latitudes adjacent to the equator, it is especially useful as a preventative of the terrible complaints and disorders of the stomache, liver and bowels, which are apt to attack natives of the temperate zone sojourning or traveling in such regions, and it is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents intermittent and remittent fever, and other diseases of a malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia, and other countries.

WOMEN AS POLITICIANS.

AT GARDEN CITY, KANSAS.

There were 792 names registered, of which 290 were women. The vote was 554. About forty women were not allowed to vote because they registered by proxy. The women polled a full vote, except those thrown out, and as politicians proved more wily than men. They worked hard all day, driving in every direction getting out votes. They used every subterfuge, and assiduously circulated all kinds of stories against candidates they sought to defeat.

AT WICHITA, KANSAS.

Of the 800 women registered only about 100 voted, the majority of these being women of ill-repute, who voted [illegible] for Allen, Republican, for May- [illegible]

Kentucky Railroads.

[Louisville Times.]

Huntington is getting a great grip on the railroads of Kentucky. He now owns a line clear across the State from east to west, with a single missing link between Lexington and Louisville, which the Louisville Southern will soon supply. He is building another from the Big Sandy to Covington, where it leaps over to Cincinnati upon the finest bridge that spans the Ohio. He will purchase the Kentucky Central at its forthcoming sale, and eventually gather in the Maysville and Paris branch of that road. He is building a road from Gallatin, Tenn., to connect with the C. O., and S. W. at Cecilia, and is believed to have other Kentucky lines in contemplation. The great L & N. has recently sold $2,000,000 of bonds for the extension of its system in Southeastern Kentucky; the Kentucky Union is reaching out for the same territory, and in every part of the State long neglected sections are being gridironed with tracks. The old State is [illegible] on a boom.

Don't trifle with any Throat or Lung Disease. If you have a Cough or Cold, or the children are threatened with Croup or Whooping Cough, use Acker's English Remedy and prevent further trouble. It is a positive cure, and we guarantee it. Price 10 and 50c. Tureman & Howell, Druggists.

Excitement in Texas.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent to him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of Pills and two bottles of the Discovery, he was well and had gained in flesh thirty six pounds. Trial Bottles of this Great Discovery free at Tureman & Howell's.

C. P. HUNTINGTON, president of the great transcontinental system of roads, says that the bridge over the river at Covington will be forthwith pushed to completion, as is hoped by Jan. 1 next. It will be of immense length, reaching to Pike St., Covington, and to Third st. Cincinnati, and will be out of the way of interference with anybody. Its cost will exceed that of any other constructed, and it will be a double railway, wagon and footway bridge.

The Public Interested.

When manufacturers of an article are asking the public to consume their wares, it is indeed refreshing to know that they are reliably endorsed, as illustrated by the united endorsement of Dr. Harter's Iron Tonic and Liver Pills. By the druggists of St. Paul.
