Violence In The Land

In the Bible we find in the sixth chapter of Genesis that "God saw that the wickedness of man was great in the earth and that the very imagination of the thoughts of his heart was only evil continually." Also Genesis 6:11 says "The earth also was corrupt before God, and the earth was filled with violence."

We are in the midst of some tough dilemmas when it comes to controlling violence today. Our President wants to put 100,000 more police on the streets of major cities in America, but will that stem the ever-increasing killing and acts of violence? We all hope it will, but in reality this alone won't stop it. I heard today that in new York City, in one 10-hour period, there were 12 murders. Many of these new acts of violence are by teens and pre-teens. What's gone wrong? How can we fix it?

The same chapter that tells of the ever increasing violence of Noah's day also tells us that he "found grace in the eyes of the Lord. - and Noah walked with God" (Genesis 6: 8-9). Through God's grace, Noah and his family were kept safe in a violent world, because Noah feared God and obeyed His voice. God had to destroy that world, lest they destroy one another and Noah in the process. The point I want to make is this: god is speaking to a nation that has forgotten Him for the most part. In 1962, laws were passed that took away prayer from the public classroom. Shortly thereafter the 10 Commandments were pulled down from classroom walls. Without prayer and God's word allowed in public schools no wonder we are seeing the reaping of a generation rained without knowledge of His love.

Our Founding Fathers knew that government could never legislate morality and civil rest. That's why our pledge to the flag says "One Nation, Under God." That's why our money has engraved "In God We Trust". We've got to get America back to the Godly principles that made her the greatest nation in the world. Prayer is still the key to unlock God's peace to any people. The Word of God is still the roadmap that leads to true prosperity and success. i pray that our young people of this country will once again find these truths. I also pray that God's people will arouse themselves and walk with God even as Noah did. While we may not be able to change the world, we can be an influence in our communities, our workplaces, our schools, and even our nation. Our lifestyles of true holiness will mean more than all the words could say. May God grant everyone who read this His peace in a falling part world.

McGee attends Judges' College

District Judge Wayne McGee, representing the 19th judicial district, which includes Harrison, Nicholas, Pendleton and Robertson Counties, attended the 1994 District Judges' College held at the Radisson Plaza Hotel in Lexington, January 9-12.

Clebrating the production of Toyota's one-millionth Camry, built at TMM's plant in Georgetown are, left to right, Shawna Dailey, Bonnie Clines, Debbie Sweet, and Clarence Compton. All are residents of Nicholas County.

Toyota celebrates millionth Camry

Toyota Motor Manufacturing, U.S.A., Inc. (TMM) recently celebrated the production of its one millionth Camry. In its five-year history, the plant has been recognized as one of the highest quality auto plants in North America.

In August, TMM was recognized by J.D. Power and Associates as the best quality auto plant in North America, marking the second time since 1990 that TMM team members have earned the Gold Plant Quality Award. The plant received the silver and bronze awards in 1991 and 1992, respectively.

TMM employs nearly 5,000 people, 96 percent of whom are Kentuckians. Celebrating production of the one-millionth Kentucky-built Camry are the following team members from Nicholas County:

Debbie Sweet, Clarence, Compton, Shawna Dailey, and Bonnie Clines.
