Meditation
By
Bill Dandoy, Carlisle Presbyterian Church

For these times, II Corinthians 5 seems appropriate:

"For we know that, if our earthly house of this tabernacle were dissolved, we have a building of God, a house not made with hands, eternal in the heavens."

Nothing in this world is more certain that the little children of Oklahoma City now sit at the Feet of our Lord Jesus Christ, seeing Him face to face in glory where there are no tears or sorrow or pain anymore. No one was more important to Jesus than the children, not Mary or John or Peter or anyone else. Here we have our peace.

Still, this does not console those parents completely, however much faith they may have. Their peace that passes all understanding will come in God's time and with our continual prayers. And let us not forget those who live, but are permanently damaged.

We are angry, we are bitter. For myself, I feel execution is too good for these devils. HOWEVER, in the name of our Lord Jesus Christ we must overcome our hostility or we are no better than these animals. They would love to make us as angry as they are in their hearts, than they would have won the battle. This is the way Satan works. No; I'm not going to fall for it and neither should you. 'Vengeance is mine, faith the Lord." Let's go about our business of sharing the joy and excitement of being a Christian, walking with the one who has overcome the world.

Sunnyside Homemakers to meet May 16

The Sunnyside Homemakers met on Tuesday, April 18, 1995, at the lovely home of Mrs. Anna Mae Gillispie. The devotional was given by Ida Mae Willoughby, reading II Corinthians 5:17-21. She also read two good readings, 'How are you Today' and 'Ministers and Soap' followed by prayer by Ida Mae. Seven Members answered roll call by naming a flower they plan to grow this year. Eleanor Bramel read the minutes of the last meeting. Treasurers report was given.

Our annual county meeting will be April 25 at 6:30 at the Christian Church. Dinner will be potluck. Sunnyside will prepare beverages. Dr. Riggs will be the speaker. Our international buffet will be May 8 at 6:30 at the Christian Church.

Gov. Jones appoints Dr. Kingsolver to risk project

FRANKFORT, KY-Two residents of Carlisle, Dr. Grace Eddison and Dr. Wendell Kingsolver, have been appointed by Gov. Brereton Jones as members of committees of Kentucky's Comparative Risk Project. Dr. Eddison has been appointed to the Public Advisory Committee and Dr. Kingsolver to the Technical Committee.

Three committees appointed to work on the project have been attempting to identify environmental issues in the state and to research data on them.

The project's Steering Committee provides overall guidance for the project and aids in setting goals and defining objectives. It also defines overall ground rules for the project and will participate in a final ranking of issues.

The Public Advisory Committee serves as the primary liaison between government participants, the general public, and major interest groups. This committee assists the Steering Committee in communication between the committees and the public about risks and public values.

The Technical Advisory Committee assists in the collection of data relative to environmental issues identified by the Public Advisory Committee and analyzes the risks presented by the issues to human health, ecological health, and the quality of life to Kentuckians. This committee will perform a preliminary ranking of risks before presenting its findings to the Public Advisory Committee.

The first newspaper story on baseball appeared in the New York *Mercury* in 1853, written by the paper's owner and editor, Sen. William Cauldwell.

NOTICE
