Do you feel confident living in your own home?

I used to feel very nervous, even going the short distance to the mailbox. That was after I took a bad fall and couldn't get help. My daughter was very worried, because I live alone in the house where my wife and I brought up our kids. I even began to think that I'd have to move out of my home.

Now if I get into difficulty, all I have to do is press the little Lifeline button that I wear on a wristband, and I'm connected right away to the people at Lifeline. They'll send a responder around: one of my neighbors who has agreed to help me. They'll make sure I get immediate help, and they're always there, 24 hours a day.

If you need the assurance of Lifeline, call us, and we'll be happy to answer your questions.
