**"RETURN, STINGS WILL"**  
The following is a true story of a woman who was afflicted with a very painful and dangerous disease. She had been suffering for many years and had tried every remedy known to man, but to no avail. She was almost blind and her health was so weak that she could not walk. She was in a state of despair and was about to give up when she saw an advertisement for "Return, Stings Will." She bought a bottle and used it according to the directions. In a few days she felt better and in a few weeks she was able to walk and see. She writes: "I am now well and strong and I am able to do all the work of a woman. I am truly grateful to the inventor of 'Return, Stings Will.'"
