Teenagers And Stress

(NAPS)—Stress is a word generally reserved for adults. Yet teens face stress every day, and in different ways. Their coping skills aren't as effective or mature as an adult's, and they're often left wondering what to do about what they are feeling.

In their new book, *A Taste-Berry Teen's Guide to Managing the Stress and Pressures of Life* Youngs get teens to talk openly about the stress and pressures they face.
