GRAIN DRILLS!
A farmer that broadcasts his grain is away behind the times. Three pecks drilled will make better yield than six pecks broadcast. Drilled grain will stand more drought and much better yield than broadcasting, and the next best thing to drill is...

STODDARD DISC HARROW
with seed saving attachment, it will thoroughly pulverize the ground, sow any number of pecks and cover any depth desired. Come and see these implements and get bottom prices. They will pay.
