DR. TANNER, the faster, lives in New Mexico, where he has a 1,500 acre ranch. He is connected with a fasting association, which is intended to show that the best cure for disease is not physic but the use of animal food. He is now in the fifty-first day of his forty minute to experiment with. He thinks that he can starve himself to death and long lived by feeding them one meal a day of a light vegetable diet. The Doctor himself lives on one meal a day, breakfast.

THERE have been more chickens destroyed by cholera since the war than there were were killed during the war, but Ganter's chicken cholera cure will save them all. It is sold and warranted by Stanley Keller, at this office.

EMIGRATION of colored people from the United States to Liberia is now largely large this year. For some time past the arrival at or departure from New York to take passage for Africa, have been beyond the number of 100 emigrating society to care for them.

Prepare for Spring.

Mr. N. H. Frohlichstein, of Mobile, Ala., writes: I take great pleasure in recommending Dr. King's New Discovery for Consumption, Coughs and Colds, for a severe attack of Bronchitis and Catarrh. It gave me instant relief and I am satisfied used as directed it will effect a cure. I also beg to state that I have sold Dr. King's New Discovery, Electric Bitters and Dr. King's New Life Pills both of which are excellent.

Dr. King's New Discovery for Consumption, Coughs and Colds, Bronchitis, Asthma and Hay Fever, is sold at Tarleton & Howells Drug Store.

Base Ball Rats.

It has been estimated that 1,000,000 feet of lumber are annually used by the baseball clubs of the country in the construction of their grounds and fences. Over twenty styles are made for the use of base ballists, and there are very more than a hundred more are employed in the amusements, so that in the course of a year 250,000 feet of soft, dry wood of some kind is used for the purpose of thirty. Other factories in the east are engaged in the work, and the output is equally large.

Good Sleep. Rights is the greatest blessing. Every sufferer from Kidney Complaint, Backache, Nervousness, should use Asher's English Remedy! It is the best. Sold by druggists for $1 per bottle. Send on a postive guarantee at 10c., 50c. and $1 per bottle.

AN Arizona hotel keeper says his guests are remarkably unanimous in their principal dish set before them. He says that the call for beefsteak is for a long pistol down with a fourish of the knife, and the order for eggs is for a fair!" His sauce created no surprise immediately, and all are hearty.

FITS.

All fits stopped free by Dr. Kline's Great Nerve Restorer. No fits after first day's use. Marvelous cures. Treatise and $2 trial bottle free to fit cases. Send to Dr. Kline, 931 Arch St. Phila., Pa.

Some years ago a man called on a prominent Chicago lawyer, tendered him a retainer, and then made a statement of his case. He described the facts and the lawyer said his story and then handed him back the fee. "You don't want a lawyer," remarked the attorney, "you want a steam engine." The man took the hint and left town on the first train.

Tennis Gowns.

Tennis gowns are again in request. Such is the change, as a matter of fact, in the dress of the ordinary young lady, that with a plain skirt, a design in tinted braid all around, and a habit basque with the same trimming at the waist line and at the throat, a white plaid dress is as much a tennis dress as the graceful softness to the outlines which a perfectly fitting dress affords. For years we have been content to believe that tennis dresses have always to be primarily cut, and look as if we were going to play tennis in them, and now we are beginning to learn that more as required of us. A black and gold skirt, elaborately stripped with black and black velvet, had a full basque of the same, made the waist nearly high, and while it apparently in a curious. This was simply brought about by three distinct bands of black velvet. Two were round the waist, and the third were sloped towards the waist, overlapping each other, and the ladies may be said to move about the trousers.

The Result of Merit.

When anything stands a test of fifty years and is constantly growing in favor and popularity, it must have merit somewhere. Ayer's Sarsaparilla has such merit, and its unparalleled success and popularity as has startled the proprietors of Brandreth's Pills, which, after a trial of over fifty years, are to-day more extensively used and more effectual blood purifier, tonic and alterative than ever introduced to the public.

That this is the result of merit, and that Brandreth's Pills possess what is claimed for them, is conclusively proved by the fact that those who regard them with the greatest favor are those who have used them the longest.

Brandreth's Pills are sold in every drug and medicine store, either plain or sugar coated.

Reports come from Illinois and Iowa that the 17-year locust made their appearance there about two months ago, and have so rapidly increased in some parts of both States as to be a serious menace to the crops. Judges and juries have been forced to adjourn because of the inability of the people to attend to their duties, and in some localities the schools have been closed. Great apprehension is felt that the insects will be followed by a visitation of a tornado did the damage.

A Fraud in Cheese.

The famous automatic cheese plaque which has been the wonder and admiration of all who beheld its workings during the recent fair, proved a small crippled Russian officer, who was an expert in the game, but concealed within the figure, which is the object's escape from Russia, where he was under sentence of exile for life.

Tarr and bacalena handkerchief is the favorite with the ex-candidate for Democracy in the coming campaign, and he has a large stock of the latest styles and colors on hand, and we are surprised to see how well they wear even in town where the value of the ticket a week before election.—[Pittston (Pa.) Gazette, May 29.

Domestic Life in China.

A case of wife pawning covered the front page of the Chinese Times with the usual pictures of the Chinese style. A man was represented as pawned by her husband for thirty dollars, and other low wages, and was sold, or give such universal satisfaction, that the husband redeemed her at the end of the year, and mortgaged himself for another year. Several cases of pronounced Consumption, Coughs and Colds, have been cured by the use of Dr. King's New Discovery for Consumption, Coughs and Colds. Trial bottles free at Tarleton & Howells Drug Store. Regular size always reliable. Sold by Tarleton & Howell.

Oh What Ingratitude.

Newspaper Enough—An editor, who has labored away in the service, slowly and surely, for the benefit of mankind, occasionally for making baseball hats, the world, and keeping placed in good hats. Over twenty styles are made for the use of base ballists, and there are very more than a hundred more are employed in the amusements, so that in the course of a year 250,000 feet of soft, dry wood of some kind is used for the purpose of thirty. Other factories in the east are engaged in the work, and the output is equally large.

Mr. Dawes, of Mercede county, a few days ago drew $800 in pension money, and he is not sure about the amount—as his claim was for more than he could count at a glance. He took the check back to Washington with the intention of having it changed into currency, but he wanted, he'd be d—d if he'd take anything." Mr. Dawes' spirit of independence is liable to remain longer than his pile of money for some time to come.—[Chicago Times.

Purify Your Blood.

Bodily and mental health depends on a healthy condition of the blood. The blood, particularly in the spring and summer months, becomes clogged with impurities, which poison it and cause various diseases. A harmless blood purifier is necessary to restore a healthy condition. The best purifier and tonic known is Swift's Specific (S. S. S.). Of its wonderful purifying and tonic powers we give a few testimonials.

Mr. Wm. A. Riddell, with George P. Rowell & Co., 10 Spruce Street, New York, writes: "I feel it my duty, for the benefit of others who may be afflicted as I was, to write you this letter, which you can use in any way you please. I suffered great pain from boils, all over my body; I could not keep a hand without boils. And after trying all the usual remedies, and months and months the figure of a S. S. S., and very soon I was entirely relieved of my 'Job's Comforters.'" Now not a sign of my affliction can be seen."

Mrs. C. E. Mitchell, West 23d st. Troy, New York, writes: I weighed 118 pounds when I began taking your medicine, and now 151 pounds. I would not be without S. S. S. for several times its weight in gold."
