THE Elizabethtown News wants to know who supports the new Constitution, and on what it is based? Let it read the two columns. What a pity the News is not a Democratic paper.

HON. J. E. KELLER, of Knox, Whitley, Wayne and Clinton counties, is a candidate for Governor. He is a Democrat, but has always been a bolter. He will have a small following.

THE Democratic Convention of Jefferson county, which met in Louisville last week, and nominated a full county ticket, declined to endorse Governor Buckner, and refused to instruct for him for Governor.

At a public meeting held at Minerva last Saturday night, the following resolution was adopted unanimously:

Resolved, That we favor the nomination of Hon. Thomas Turner, of Mason county, for Governor, and that the attention of the Democratic press be called to him, and that he be recommended for, other than as hereinbefore stated, and we pledge ourselves to work for him now and all apologies for the non-appearance of announcement of him or any other minister of the Democratic party, and that we request the press to refrain from further comment on the subject.

Dr. Bull's Medicines Can't be Cured by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.
