JUVENIS.

A Dangerous Period.

As the season moves swiftly toward the boundary lines that lie between Winter and Spring, it frequently happens that the human system, which has borne the strain of winter, shows signs of relaxation. In all ages this period has been noted as a dangerous one, especially to those who have weak constitutions. A course of the great blood purifier and tonic S. S. S., will enable the most delicate to face the season's change with impunity. It is a medicine that not only strengthens the weak and the delicate, but is an additional safeguard for those who consider themselves strong.

Count Von Moltke, Germany's great field marshal, died suddenly last Friday night at Berlin after attending a meeting of the Reichstag. His death was due to heart failure, and was quiet and painless.

"Its quite a feat to fit the feet."

Like Rip Van Winkle, the people are awakening to the fact that there is a Shoe Store in their midst ; not a little one-horse side show, but a great Big 4-in-hand establishment, where people can get what they want at living prices.

Remember, we sell no shoddy goods, and if anybody finds any shoddy Shoes that came from our store bring them back.

We sell goods only that are worth the money. "Full value for money received" is our motto. We hope people will bear this in mind and act accordingly.

Last week's sales showed that they are taking our advice, paying CASH and saving money.

When merchants buy and sell for CASH exclusively, as we do, they will be able to sell for mighty short profits.
