By an unanimous vote the Democratic Committee of Nicholas County, assembled in the city of Carlisle on Saturday last, decided to hold the primary election for the nomination of candidates for county officers on the 2nd Saturday in May, which will be the 14th day of the month.

The Democratic State committee met in Louisville last week and fixed the time for holding the primary election for the nomination of candidates for State officers on the 2nd Saturday in May, which will be the 14th day of the month.

The Democratic Congressional committee met in Louisville last week and fixed the time for holding the primary election for the nomination of candidates for Congress on the 2nd Saturday in May, which will be the 14th day of the month.

The Democratic Judicial committee met in Louisville last week and fixed the time for holding the primary election for the nomination of candidates for Judge on the 2nd Saturday in May, which will be the 14th day of the month.

The Democratic Senatorial committee met in Louisville last week and fixed the time for holding the primary election for the nomination of candidates for Senator on the 2nd Saturday in May, which will be the 14th day of the month.

The Democratic Representative committee met in Louisville last week and fixed the time for holding the primary election for the nomination of candidates for Representative on the 2nd Saturday in May, which will be the 14th day of the month.

THURSDAY, APR. 21 1892

COMMUNICATED.

Editor Mercury:

We are wondering that we have a new Judicial District, composed of Harrison, Pendleton, Bracken, Fleming and Nicholas; this being the case Nicholas has one of the candidates and here are candidates for the Circuit Judgeship of this District. Having been in the candidate, Mr. Thos. Gordon, for a number of years, with every opportunity to know him, I present your readers with a few facts concerning the life and character of Mr. Gordon. He was born and raised in Harrison county years ago, and finish the curriculum of a law academy and has been a citizen of Kentucky.

Mr. Gordon during his early years, served seven years in the Circuit Clerk's office in Harrison County, and was with Maj. L. Turner, of Richmond, in company with ex-Gov. Wm. O. Bradley, Wm. H. Haish, of Mayville, and with the late Judge Boyle, and was elected in the 4th Kentucky Infantry regiment during the late Confederate war, and came home as captain of the company, and was with Gen. Morgan when he engaged in the police of the Confederacy.

Mr. Gordon was born a Democrat, raised on Democratic food, has always espoused the principles of Democracy, and has never been known to desert his colors. Such is his character as a citizen and soldier. As far as his moral record is concerned we refer you to those who have known him for years. He has been in our midst as a citizen and friend law in our community for a number of years, and has always been one of the best of gentlemen, honorable, upright, honest, punctual, and a man of his word. Self in sympathy with all moral and progressive causes, and a true Democrat.

We do not wish to degenerate any other candidate, but we think the people of this county and here as good a record, but we do believe in the principles of Democracy and firmness of character and integrity, as a prominent factor, and we do not claim more than we have in our candidate. It is not with a view to injure any other candidate in our county, but we do think that the people should be informed of Mr. Gordon's record as a citizen of this Commonwealth and we believe that he can command the support of the people on our judicial district as his record is unsurpassed, and we challenge record as a Democrat and citizen to that of

Mr. Gordon.

The following is an extract from the Mt. Sterling Advocate, published in Clearfield one who writes Mr. Gordon's record, while Richmond is a resident of Nicholas county, with Richmond's record as a New Jersey man will be found a work of fiction, and we believe that the people of Nicholas will give him a record of 1,000 votes, or 1,000 votes for Gordon, and will give him a majority of 250 votes, or 250 votes for Gordon, probably only about 200 votes for Richmond, although we shall not be surprised if he should get a majority of 500 votes in Nicholas. Every Democrat in Nicholas should be for Gordon and give him a majority of 1,000 votes out of a total of 4,000.

Richmond was made a law student at the office of Judge Boyle, and was under the judgement of the Boyle brothers, and of course was on their staff, and of course against James Richmond, and was with Gen. Morgan when he was in the Confederate service, but then, the law does not allow him to be elected, and we do not care what he was in the Confederate service, he was not a Confederate soldier.

Prohibition Column.

We thank Rev. A. B. Dawes for the following compliment to this column and solicit others from our friends.

Kansas has 240,000 more people than in 1880. Kansas has one penitentiary with 800 prisoners. This is the result of prohibition. Texas has 240,000 less people than Kansas, and the liquor traffic. Texas has two large penitentiaries with 3,000 convicts. The county will soon need about 200 more.

The Lottery business of Louisiana is now a thing of the past. Gambling is no longer only people murder it. It also enables "swindle" about it. It can not hack in its victims about $10,000,000 during the year. The liquor traffic gives nothing back but aches, pains, lunacies, pauperism delirium tremens and increased taxation.

George Finley, Pittsburg, Pa.—"Have the prophet said unto David Then set the man," the good king did not hesitate and he rejoice harlequined of his sin. I say unto all aches and sufferings of the great penal crime, for tainted odors, go and do likewise."

Many of our medical men have come to the conclusion that wine is a nerver and strong drink is a diverter as disease as well as in health; and the recent meeting of temperance hospitals in London and Chicago has proved it. Dr. Norman Kerr, president of the London Medical Association" comes out boldly against this iniquitous habit and declares that there are enough inebriate liquor under any circumstances. Bing Anderson and English physicians of the highest standing have taken the same position. Recently in a large graduating class of medical men in New York Dr. T. D. Crothers, as said, "Were I called to-day to advise a young man about to enter the profession, I would say, by all means, don't study the doctrines of the groove by which medicine was taught. Go and learn more how to cure men and less how to kill them."

Consumption Cure.

The Louisville Times of Thursday, says: For ten days past while scribers have been going about their work in Hardy cities, Sutter in the Northwest were flourishing in snowdrifts, and cattle perishing from cold and hunger. In the Red River Valley 30,000 hundred wheat-raised to Kentucky Colonists, and they are now in need of food and Lung affections also a positive and radical cure for Nervous Complaints, after having tested the wonderful curative powers in those diseases, has felt it his duty to make it known to his afflicted fellow beings. Actuated by this motive and a desire to relieve human suffering, I will send free of charge, to my fellow men, (German, French or English,) this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing with stamp, naming this paper, W. A. Noyes, 820 Power Block, Rochester, N. Y. April 21, 1892.

Dr. M. P. Bohan, late Warden of the penitentiary, has been appointed an Lieutenant of Police at Cincinnati.

Deafness Can't be Cured

In local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that we cannot cure by taking Hall's Catarrh Cure. Send for circulars, free.

Starting Facts.

The American people are rapidly becoming a race of nervous wrecks, and the startling statement is made by Alphonso Hemyling, of Boston, Physician that when he was specialist in London and Chicago has proved to the satisfaction of the leading men of the American Medical Association" comes out boldly against this iniquitous habit and declares that there are enough inebriate liquor under any circumstances. Bing Anderson and English physicians of the highest standing have taken the same position. Recently in a large graduating class of medical men in New York Dr. T. D. Crothers, as said, "Were I called to-day to advise a young man about to enter the profession, I would say, by all means, don't study the doctrines of the groove by which medicine was taught.
