Do You Wish the Finest Bread and Cake?

It is conceded that the Royal Baking Powder is the purest and strongest of all the baking powders.

The pure baking powder makes the finest, sweetest, most delicious food. The strongest baking powder makes the lightest food.

That baking powder which is both purest and strongest makes the most digestible and wholesome food.

Why should not every housekeeper avail herself of the baking powder which will give her the best food with the least trouble?

Avoid all baking powders sold with a gift or prize, or at a lower price than the Royal, as they invariably contain alum, lime or sulphuric acid, and render the food unwholesome.

Certain protection from alum baking powders can be had by declining to accept any substitute for the Royal, which is absolutely pure.

YOUR HEALTH.

The greatest of life must be guarded at this points. In the first place there is the danger of taking cold. We take cold through the skin and this affects the kidneys and the lungs. So intimately are these organs connected, that a cold affects both. In order to relieve the system, both should be healed or rather the whole system should be regulated. This is done by Hood's Sarsaparilla Giliph and Kidney Cure. It acts as a stimulant and tonic to the organs to action. The other weak spot is the digestion. When the food does not digest, it putrefies and causes fever, sickness and death. But Laxative Fruit Syrup will remove all waste material from the system and do it without pain or griping. Ask your druggist for the remedies and get the facts there are to you.

"German Syrup"

Joseph S. Hiatt of the Superior Drug Co., Cleveland, O., says: "I have made sale of German Syrup for the last ten years, and have no hesitancy in saying it is the best cough medicine I ever handled. Have had a number of testimonials in favor of it, but one in particular I remember, from a man who had been coughing for twenty years, and was induced to try a bottle of German Syrup. Three bottles cured him sound and well. This was a few years ago, and he has not been troubled with a cough since."

You Wonder

How it is so enthusiastic about Pearline. Well, it's worth while. If you knew the facts. You'll find that she is not only the best of the great army of genuine imitators of that great article, but that she is the best thing of her kind. So does every peddler and every huckster. But this will you honestly believe, if you recommended it, as they do Pearline? Of course you don't. If you're honest, send it back.

Beware of imitations. Pearline is never sold in bulk. 326 JAMES PYLE, N. Y.
