Triumphant Dem'crats

Carry Away About Everything in Sight.

New York, Indiana, Illinois, Connecticut, Delaware, Oregon, Wisconsin,

Part of Michigan, and the Solid South Go for Cleve & Steve.

Congress Largely Democratic!

Kentucky Elects Ten Out of Eleven Congressmen, and gives the general ticket about 30,000 majority.

Hazelrigg stands a great chance to beat Holt for Appellate Judge.

Bourbon County goes Democratic by 258.

Fleming elects her Democratic ticket.

Harbeson elected Judge in the Maysville District.

Nicholas gives her usual Democratic Majority.

It was a Genuine Groom Swell.

It would take too much space to give the detailed returns from Tuesday's election, but it is enough to say that our headless ticket has triumphed, has swept the County, and will have a Democratic House to back him in his effort to reduce taxes. Kentucky has done her full duty and logs away the so-called People's Party.

The election in this county was the most orderly ever held. Not one Democrat grew impatient waiting for an opportunity to vote and went home! This will not be the case again, as appellate arrangements will be made in the future.

Fleming County has redeemed herself, and Bully Hart, who accepted the Chairmanship of the Democratic Committee right in the midst of the campaign is responsible. Many of the old time Democrats hoted the local nominees, but Mr. Hart got people to take their places.

The People's Party in Kentucky did its best to stab Democracy in the back, but its knife struck a very hard substance and was broken.

Jerry Simpson, of Kansas, and Tom Watson, of Georgia, the two leading People's Party Congressmen were defeated for re-election.

NICHOLAS COUNTY'S VOTE

In 1891 the Democratic majority in this county was 945. This year it will have about 400. The People's Party cast 95 votes. This year it will have somewhere between 30 and 40. The Prohibitionists cast 155 votes. It will have about the same number this year.

The Democratic loss was occasioned by quite a number of Democrats leaving the voting place rather than wait their turn. In 1890 the Prohibitionists cast 298 votes for for County Judge, and 301 for Jones for County Clerk.

LATER.

Bath County gives Paynter 300 majority, and Harding 250.

Commercial Gazette headlines of the day contains the election to Cleveland, and says: "We told you so for it!"

Louisville, Ky., Nov. 9, 1892.

CARLISLE DEMOCRATS:

Later reports indicate both Indiana and Illinois Democratic. Cleveland surely elected. California Democratic, too.

The Associated Press of Tuesday says: Michigan elected Republican Governor by a large majority. Governor Werner carries Colorado by a large majority; not enough returns received from Indiana to decided result. Close Indiana election seems assured.

"On To Victory and Eternal Glory!"

THE Commissioner of the World's Fair have at last brought suit to compel the Auditor to pay the $100,000 appropriated to enable Kentucky to make an exhibition at Chicago next year. The Franklin Circuit Court has decided that the law is valid, and Governor Buckner has taken to the Court of Appeals and will be heard by that Court this week. If they affirm the decision of the lower court, which they are more certain to do, the mooted question between the Governor and Auditor will be settled in favor of the Commissioner. The people of Kentucky have been quick to condemn the Legislature in this matter, and were loud in their praise of the good Louisville dailies have persistently refused to give the Legislature anything like a fair show. But the Courts will in the end decide in favor of the Commissioners, and a month aloned body will be justified to do so.

In the Courts decide that the bill appropriating $100,000 for the World's Fair is valid, the Legislature will not know what it was doing and who will be charged with the duty of spending the money.

JACKSTOWN.

Rose to the wife of Wet Brandels a

All those that subscribed to Tax Commissioner Bell's Fair will be glad to hear of his success.

The turnpike leading to Flat Rock has been completed and accepted by the Board.

Wm. Brandstetz and wife are visiting near Mt. Sterling.

Mr. Bell has announced cure. Mr. J. M. Kennard, 1416 W. Lombard St., Baltimore, Md., says: "I take great pleasure in saying that in a case of Neuralgia in my family, I found Salvation Oil effectual and speedy in the cure of the pained."

The Election and Inauguration

All the absorbing topic just now is the election, another great issue of practical importance to the people will be put to the test at the ballot box—a question of general interest to every business man, every farmer, every mechanic, every laborer, every man, woman and child in the Kentucky Stock Farm during the next fourteen months. The question for relief upon, that they will all be published and as soon as its application, yet the Kentucky Stock Farm during the next fourteen months. The wheat crop of 1892 will be 517,000,000 bushels, the largest recorded crop, except that of 1891, which was 611,780,000 bushels.

THE J. A. CHAPPELL DRY GOODS CO.

"ESTO PERPETUA."

The roar of our artillery can still be heard above the din and noise of the contending forces. Over 12 million votes have been cast this week for President of these "benighted States" and no doubt every one would be willing to endorse the City Cash Store, being the best Dry Goods Store in the whole country. There is no let up in our efforts to please the whole population. We now have a big lot of new cloaks, wraps and jackets—the prettiest lot we have yet had. Don't go to monkeying grounds with any other place to buy your fall and winter wraps, come right to headquarters and we will save you a thousand dollars. Don't forget that we will be settled in here at the Corner. The people of Kentucky have been quick to condemn the Legislature in this matter, and were loud in their praise of the good Louisville dailies have persistently refused to give the Legislature anything like a fair show. But the Courts will in the end decide in favor of the Commissioners, and a month aloned body will be justified to do so.
