The Sheriff of Bath Shot.

A special from Owingsville of the 3rd says: "C. C. Hazelrigg, Sheriff of this county, was shot through the arm, breaking the bone and producing a painful wound, by Bud Clinkenbeard, at Sharpsburg last night. Clinkenbeard is a tough citizen. He came to the town and was raising a disturbance on the streets. George Alsbur, the Town Marshal, undertook to arrest Clinkenbeard, and he swore he would not submit. At this juncture, Sheriff Hazelrigg and Marshal Will Mark, of this place, came to the assistance of of Alsbur, and a general shooting match took place. In the affray, Clinkenbeard shot Sheriff Hazelrigg as detailed above. Clinkenbeard made his escape."

Little Pills in Louisville.

The stockholders of the Southwestern Homeopathic College and hospital met in Louisville last week and determined to establish a Homeopathic College in that city to be open for business next Spring, with a fund of $100,000 to start with, two ladies of the city of Louisville giving $65,000. Mr. August Scheffel was elected President, Dr. A. Clokey, Secretary; and Dr. Adam Gevlin, Treasurer. The infirmary and hospital will be opened as soon as a suitable building can be secured. Louisville is one of the greatest medical centers in the United States, and it looks like the "little pill" fellows are in it. In the arrangement of the Chairs Dr. M. Dills, of this city, and Dr. Elliott, of Louisville are to be Professors of Surgery. This will be the first college of the kind in the South, and female as well as male pupils will be admitted.

"I consider Chamberlain's Cough Remedy a specific for croup. It is very pleasant to take, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I know the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. J. LaGrange, druggist, Avoca, Neb. 50 cent bottles for sale by Dr. M. Dills.

Mr. W. T. Rolph, Manager of the Louisville office of R. G. Dun & Co., has compiled the statistics of the failures in Kentucky and that part of Indiana tributary to the Louisville office for the first three quarters of 1892. The comparison with the figures for the same period of last year is most encouraging. The failures for 1892 are 124 in number with liabilities $1,383,489, against 195 for 1891 with liabilities of $4,201,313. The number is seventy-one less, and the liabilities are $2,817,824 less.

Perhaps some of our readers would like to know in what respect Chamberlain's Cough remedy is better than any other. We will tell you. When this Remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity, and it is the only remedy that will do this. It acts in perfect harmony with nature and aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possess these remarkable properties. No other will cure a cold as quickly. For sale by Dr. M. Dills.
