

At Chicago Royal Leads All.

As the result of my tests, I find the ROYAL BAKING POWDER superior to all the others in every respect. It is absolutely free from all adulterations and unwholesome impurities, and in baking it gives off a greater volume of leavening gas than any other powder. It is therefore not only the purest, but also the strongest powder with which I am acquainted.

All other baking powders are shown by analysis to contain alum, lime or ammonia.
