CASTORIA

For Infants and Children.
THERE is a great deal of talk about the health of infants and children, and it is not surprising that the mothers of these little ones are anxious to do all that is possible to keep them healthy and happy. One of the best ways to do this is to give them Castoria, a gentle laxative that is perfectly adapted to their delicate systems. It is a pleasant-tasting medicine that does not irritate the bowels, and it is perfectly safe for the most delicate of infants. It is a great help to the mother who is anxious to keep her child healthy and happy, and it is a great help to the physician who is called upon to treat the ailments of infants and children. Castoria is a great help to the mother who is anxious to keep her child healthy and happy, and it is a great help to the physician who is called upon to treat the ailments of infants and children.
