THIRTY years' observation of Castoria with the patronage of millions of parents, permit us to speak of it without guessing. It is unquestionably the best remedy for Infants and Children the world has ever known. It is harmless. Children like it. It gives them health. It will save their lives. In 5 Minutes have something which is absolutely safe and procitively quellet on a child's sickness.

GANTER'S
CHICKEN
Cholera Cure!
Thousands of dollars worth of chickens die every year from Chicken Cholera. It is more fatal to chickens than all other diseases combined. But the following certificates show what Ganter's Cure has been made, and to be confident that its efficacy only requires a trial. A 25-cents bottle is enough for one hundred fowls. If you have chickens, try using two-thirds of a bottle at once, and if they are not benefited as a cure for Chicken Cholera, return it to the undersigned and get your money back.
Respectfully yours,
JAMES GANTER.
