NUMBER 25.

A Matter of Health

It costs more to make Royal Baking Powder than any other because its ingredients are more highly refined and expensive. But the Royal is correspondingly purer and higher in leavening strength and of greater value to the consumer. The difference in cost of Royal over the best of the others does not equal the difference in leavening strength, nor make good the inferior work of the cheaper powders, nor remove the impurities which such powders leave in the food.

Where the finest food is required, the Royal Baking Powder only can be used. Where the question of health is considered, no baking powder but Royal can be used with safety. All others are shown to offend against the common law, and against the propriety which such powders leave in the food.

'August Flower'

For two years I suffered terribly with my eyes. I had consulted many of the best physicians, but they could do nothing for me. I then tried 'August Flower' and in a few days my eyes were completely cured. I can now see as well as ever. I feel that I owe my recovery to this medicine.
