THE GREAT NORTHWEST.

Its Remarkable Development Shown by a Month's Fair Exhibit.

The Northwestern Manufacturer of the World's Fair is the most interesting feature of the great exposition to all persons interested in the development of the West. It contains a complete exhibit of the most valuable agricultural products as well as the principal manufactures of the States and Territories of the Northwest, which have a long further than other transportation companies. The Northern Pacific Railroad has been a most important factor in the development of the Northwest, and is now the main line of the Great Northern, Spokane, Falls & Northern, Washington & Great Northern, and Montana Central Railroads, which are projected to make the Empire become the richest part of the United States. The Northern Pacific Railroad runs from Ashland, on Lake Superior, to Tacoma, on Puget Sound, a distance of 1,800 miles, and has a total mileage of 2,500 miles. It has a land grant of 47,000,000 acres, of which 37,000,000 acres are already patented.
