ANNOUNCEMENTS.

FOR SENATOR.

We are authorized to announce Hon. W. M. MOORE, of Harrison County, as a candidate for State Senator for the District composed of the counties of Robertson, Nicholas and Harrison. Subject to the action of the Democratic Party.

EDITORIAL CORRESPONDENCE.

FRANKFORT, KY., June 26th, 1893.

Dear Mercury:

I guess it is sweet music to the ear of the tax payer to hear that the longest session of the Legislature ever held in the State of Kentucky is drawing to a close. Both Houses have agreed on a final adjournment next Monday, July 3rd, and unless something unusual and unexpected happens the machine will quit grinding on that day. Everything here now is being pushed and hurried, and the usual evidences of dissolution are exhibited. Yet there are murmurings that the Governor will have something to say about the charters of cities of the 2nd, 4th and 5th classes before we leave. In fact it is publicly asserted that he is likely to veto one or more of these charters, and unless they are all passed, he will convene the Legislature in extra session.

I had a desire to write quite a good letter this week, but I find it impossible to do so. I had a most delightful trip to Washington last week, and I had a desire to publish some very interesting things I saw and heard, but it will have to be told in some future letter. I find that just about the time I get in a mood to write some one demands my attention and services, so I will have to let this apology for a letter go this time.

G. R. K.

THE Capital suspends publication on the 3rd until December 5th.

THE proposition to call a Constitutional Convention has been defeated by the Illinois Legislature.

THOMAS C. JONES, of Frankfort, has been appointed Consul to Funchal, which position he filled eight years ago.

THE Bennet dog law was knocked out, and the farmer will still have to feed his neighbor's dogs on mutton chops.

HON. CLAUDE THOMAS, who was recently appointed Consul to Marseilles, France, will leave for that point about the middle of July.

THE Democrats of Fleming County in mass convention Saturday afternoon unanimously nominated Representative Hart to succeed himself in the next General Assembly.

THE State Board of Equalization has raised the assessment on town lots of chartered towns in Bourbon, which include Paris, Millersburg and North Middletown—fifteen per cent.

AS YET no Collector has been appointed in the Lexington District, and "the boys" are getting mighty impatient. They are of the opinion that the fuse has gotten wet, it is so long going off.

THE tide of gold has turned, $[illegible] having been shipped from London to New York Thursday. The Treasury situation is easier, and it is probable that the July payments of interest on Government bonds will be anticipated, in order to releive the money markets by thus releasing about $7,000,000 lying in the Treasury.

SECRETARY CARLISLE has given notice that coupons for interest due July 1 on Government bonds will be paid at once, and owners of checks for July interest, which will be delivered as soon as possible, may have them cashed as soon as received. This action of the Secretary is taken to relieve the money market, and will put in circulation $7,554,000.

HON. W. M. MOORE, Speaker of the House, and who is by the way a most worthy man, has announced that he is a candidate for Senator from the counties of Harrison, Nicholas and Robertson. Were we in either of these counties he could rest assured of having a warm supporter in us. We admire a man that knows a duty and has the courage to do it.—[Falmouth Guide.

WHEN Congressman Tarsney, in a speech in the House, declared that pensions had been granted for baldness the statement was indignantly denied by Commissioner Raum, and a medical examiner, said to have given the information, was dismissed. Now Mr. Tarsney is vindicated by the discovery of a case where Gen. Raum granted a pension to a Rhode Island man whose only claim was the loss of his hair from typhoid fever.

Col. W. M. Moore.

It gives us pleasure to call the attention of the Democrats of Nicholas to the announcement of Col. W. M. Moore, of Harrison, as a candidate for the Senate. Col. Moore is now filling the very honorable and difficult position of Speaker of the Kentucky House of Representatives. He is a gentleman of character and ability, and will make a most acceptable Senator. In all probability he will have no opposition for the position, but it is well for the people to meet and know him. He will visit Nicholas as soon as he can leave his post at Frankfort.

THE Sunday opening was a failure last Sunday. Only about 70,000 passed in, and the Chicago Record of Monday published eight solid columns of names of exhibitors who closed their exhibits that day. Disappointment was expressed on the face of many who strolled through the aisles of the Manufactures Building. All prominent exhibits were closed to sight-seers. In hundreds of exhibits, where exhibitors and their attendants gladly answered all questions on week days, those exhibitors and attendants were conspicuously absent Sunday. This was particularly noticeable in the gallery of the Manufactures Building.

THE laws of Kentucky are growing more and more strict in regard to the practice of medicine. The present Legislature has just passed a law requiring all medical students to take a three years' course in some medical college. This act also empowers the State board of examiners to call any Doctor before them and require him to pass an examination before the board if they so desire. Under this act a doctor holding a certificate, and who is not a graduate, will be required to pass an examination before the State board unless he has been a regular practitioner in the State of Kentucky since 1884.

FOR SALE—115 ewes, 95 lambs and 4 South Down bucks. R. SMITH.

Kentucky's wheat crop will soon do to harvest. The outlook for a good yield is favorable as compared with reports from other States.

Martha Wilkes, 2:08, will trot exhibition miles June 27 and 28, over the kite track at White River Junction, Vermont.

Guy, 2:10¾, black gelding, by Kentucky Prince, is going so well in his work at Detroit as to lead his trainer to believe that he will regain all his old speed.

Robert Bonner is confident that Maud S. will be able to lower her present record of 2:08¾ this season.

Aristides, the winner of the first Kentucky Derby and famous afterward for the defeat of the mighty Ten Broeck, died in St. Louis last week, aged twenty-one years.

Simmonette, by Simmons Boy 17517, worked out a mile last week on the Doug. Thomas track in 2:26, going the third quarter in 33¼, with only a few days handling this season.

An exchange seems to think that Doble will have the champion three-year-old pacer of the season in the Nutwood filly, Donnie.

Henry Traynor, of Richmond, who is this year training a stable of twenty-eight, is said to have a green pacer of unknown parentage, that is as fast as the wind.

The Missouri State Fair Association has been suspended by the American Trotting Association by order of Budd Doble, who says they have not paid the $5,000 for the Nancy Hanks performance, or the $500 for the exhibition mile trotted by Martha Wilkes. Nancy went in 2:06¾ at her trial.

The Danville Fair did a good thing for the saddle horse men when it offered the big sweepstake premium. Nearly all the other associations are following suit. The Winchester Fair is about to offer four stakes for saddle horses and roadsters. They will hang up $100 for each event, charging five per cent entrance.—[Ky. Advocate.

The Great American Derby, worth $[illegible] to the winner, was won at Chicago Saturday, by J. C. Cushing's Harry O'Fallon colt, Boundless. Football Keene's St. Blaise colt, St. Leonards, was second, and R. L. Rose's Bramble colt, Clifford, was third. The horses were kept at the post nearly two hours. Seventy five thousand people saw the race, and among them T. A. Webster wife and daughter, of this city. Nancy says, "you can't beat Boundless, he's from Kentucky."

Very Unkind.

Ill R. Hicks predicts atmospheric commotions from the 4th to the 7th of July. Can it be that the elements are to be afflicted by the adjournment of the Legislature on the 3rd?—[Capital.

$25,000 in Premiums.

Offered by Liggett & Myers Tobacco Co. of St. Louis, Mo. The one guessing nearest the number of people who will attend the World's Fair gets $5,000, the second $1,000, etc. Ten Star tobacco tags entitle you to a guess. Ask your dealer for particulars or send for circular.

PLAIN Frank A. White, who recently sold "liver pads" here, was arrested at Danville last week for obtaining money under false pretenses, but after a long and tedious trial the Judge discharged him. The Danville Advocate says: "The Judge said he did not believe, strictly speaking, that the transaction was entirely an honorable one, still the medicine was sold under a guarantee and he believed that the dissatisfied patrons would make application [for] their money would be refunded. The decision was greeted with applause. The cost of the prosecution falls entirely upon the State."

Mystic Life Renewer.

This wonderful Health Builder and Constitution Restorer is indeed a veritable renewer of life; because it possesses such marvelous powers to cure all forms of Failing Health, Indigestion, Dyspepsia, Nervous Diseases, Heart Affections, Female Weakness, Broken Constitution and all Wasting Diseases. THE Interior Journal about calls the turn on Bro Wanamaker:

"John Wanamaker, 'Cheap John,' as he is better known, believes in advertising and will go to any extreme to get it. He has filed a suit at Chicago to compel the World's Fair to close on Sundays, with no other view, it is alleged, except to keep himself and his wares before the country."

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "La Grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on Liver, Stomach and Kidneys, gently aiding those organs to perform their functions. If you are afflicted with Sick Headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at Tureman & Son's Drug Store.

WE clip this from the Danville Advocate: "Jas. McMichael, of this place, has a head of cabbage that measures three and a half feet [in diame]ter. Mr. McMichael said [illegible] we believe, and even [illegible] for belief."

Fifty cents is a small doctor bill, but that is all it will cost you to cure any ordinary case of [rheumatism] if you use Chamberlain's Pain Balm. Try it and you will be surprised at the prompt relief it affords. The first application will quiet the pain. 50 cent bottles for sale by M. Dills, druggist.

FEW additional details have been received in regard to the sinking of the British battleship Victoria, but the disaster has created a profound impression in England. The Camperdown was less injured by ramming the unfortunate ship than was thought, and will proceed to Malta. It is learned that Vice Admiral Tryon was rescued alive, but died soon after. No attempt will be made to recover the bodies of the drowned men, as the ship lies so deep it can not be reached by divers.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy as an insurance against any serious results from an attack of bowel complaint during the Summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. 25 and 50 cent bottles for sale by M. Dills, druggist.

THE following Federal flags used in the late war were forwarded from Frankfort to Chicago, to be a part of the Kentucky exhibit: Seventeenth Kentucky Volunteers; Twenty-first Kentucky Volunteers; Thirty-third Kentucky Volunteer Infantry; Third Kentucky Infantry; Seventh Volunteer Infantry; Nineteenth Kentucky Volunteers; Glasse's First Independent Battery Kentucky Light Artillery; Tenth Kentucky Volunteer Infantry.

Blindness, Paralysis, Rheumatism.

GUTHRIE, KY., SEPT. 9, 1891.

Dear Sirs:—More than two years ago my eyes began to fail me. I immediately applied to eminent oculists for relief; for eighteen months they treated me without a particle of benefit. Finally, about three months ago, I went totally blind, and, as a last resort, I procured an Electropoise, which, very much to the gratification of myself and family, has restored my sight. It has also greatly benefited my wife and daughter. My wife has been a subject of paralysis for more than two years, and my daughter a sufferer from inflammatory rheumatism for more than twelve years. All this has been effected in the last two months. Too much can not be said in praise of the Electropoise. If I were the possessor of the only one in existence, and it could not be reproduced, the wealth of the universe could not purchase it. I consider it the grandest invention of the age. Truly and greatfully yours,

AMONG the opinions announced by the United States Court of Claims prior to its adjournment for the Summer is one in favor of James A. Briggs of Bowling Green, Ky., administrator of Charles M. Briggs, awarding him $[illegible],200 for cotton seized by the Government during the war. The case is a celebrated one, having been stubbornly contested for over twenty years. Hon. Phil B. Thompson, Jr., who was the attorney of Mr. Jas. A. Briggs, will receive a large fee.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds, is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe found it just the thing and under its use had a speedy and perfect recovery. Try a sample bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at Tureman and Son's Drug Store. Large size 50c. and $1.00.

THERE is a weeping and wailing among the saloon men of Harrodsburg. The city council has raised the license from five to seven hundred dollars per year. Only a few months ago they raised the license from three to five hundred. The new law requires full license at date of issue. This closes out four saloons and another as soon as its license expires, leaving only five in town. The law is the same for beer alone as all liquors.
