THE Treasury of Kentucky has increased principal again. Where will the money come from? From the pockets of the people. We will have more and more money in the Treasury. Because the Democratic Legislature can't let the people keep it to their pockets. Is there a tax payer in Kentucky and because the Legislature refused to raise? Let all such speak.

HON. JOHN C. CHENAULT, County Judge of Madison, is spoken of as a probable candidate for the Democratic nomination for Attorney General. Judge Chenault is a gentleman of great executive ability and a true Democrat. If nominated and elected he would make the State an able and faithful officer.—Mt. Sterling Sentinel-Democrat.

THE Democratic tariff bill leaves the Sugar Trust, of course. That's what the Democrats were elected for. They propose to see that the people have as much money were deluded and deceived by the cry, but we assure the trust, according all their reflection to be closed. The President of the Trust says they are not making any money under the new tariff. So there you are.

GOV. MCCREARY expresses his thanks to the disinterested statesmen who have been mentioned for Governor of the Trust and Governor him for Governor, but says "your candidate I can not be." The Governor has about decided to go visiting on the Secretaries plum and is smart enough to see for the United Bond of Senator Blackburn in the Treasury office in search of the Interior Journal.

IT is quite probable that the State will have a Democratic Governor for the next four years. The Democratic party is the party of the people and they have and have made to suffer for high taxes.—Frankfort Argus.
