BUYING A PLOW
IS a matter of importance to the farmer, Good Plowing Means Good Crops. Buying a plow that you can always get repaired is also a matter of importance. Many farmers have plows almost new that are worthless, because the factory is closed out and they cannot get repairs. The OLIVER is sold with a written guarantee to be the best chilled plow on earth. The Oliver Factory is the oldest and by far the largest plow factory on earth, and you are sure to get repairs at all times when needed.

Farmers that have lots of rock and cannot use chilled plows, should choose for their steel plow the Limestone, which is the very best steel plow that comes to this market, being the strongest, lightest and cleanest draught of any. They are sold with a full guarantee to be the Best, or no sale. Give these plows a trial. For sale and warranted by

R. C. KING.
Who carries the largest stock of steel and chilled plo ws, Hillside Plows, Cultivators, Double and Single Shovels, at any house in the county.
