ANNOUNCEMENTS.

We are authorized to announce Jesse S. Sloan as the candidate for Jailer, subject to the Democratic county convention.

JUDGE PERRY HARRISON is known among the newspapers as the "cold storage candidate."

R. C. K., you know what the Harter and about people who thanked God that they were not like other men.

Election Next Tuesday, November 6th!

In all the excitement of this campaign have you heard a word against Bolls K. Hart? Think of it!

MR. JOHN W. CARPENTER, a Republican candidate for Magistrate in the Carlisle district, Mr. Stanford Ewen is the Democratic nominee.

DEMOCRATIC voters should bear in mind that, under the new election laws, the polls will be open early from seven till four in the afternoon. Don't fail to be on regular election day.

COUNTY JUDGE Hines, of Newport, has rendered a decision forbidding either of the Republican candidates for Campbell County to use the eagle as a device on the official ballot.

THE Democrats of Carter and Elliott counties have indorsed Col. W. C. P. Breckinridge for U. S. senator. A resolution for movement is said to be on foot throughout Kentucky.

PRESIDENT CLEVELAND is confident that the next House will be Democratic. He thinks that the calamity wail of the Republicans will be answered in such a way as a factor in influencing votes.—Buffalo Enquirer.

Election Next Tuesday, November 6th!

THE Republicans seem to pervert the election of a Judge of the Court of Appeals from "non-partisan" to "nonsaught. Judge Perkins, of Covington, has ordered Thos. H. Paynter's name placed on the ballot.

MR. A. G. SPALDING, the young man elevated, delivered a magnificent Democratic speech in our Court House Monday night. Mr. Stanley has been one of the hardest workers in the county, and has done good service for his party.

R. C. K. Democrats are determined to have a few sermons from Bolls K. Hart this fall. Democrats are not in the habit of doing right by an enemy, but they will be on hand to hear him. He should be remembered among the beauties of the Democratic party, where he will be given from treating and the weary appointed.

If you will look over our advertising columns you will find Dewey advertising. While you are charging that every man in the Court House is a Democratic hack, you certainly ought to know that you will find Dewey at the prices you have to pay for what you get. Dewey is a Democrat, and has been all his life, and will buy all the dry goods he can sell. Dewey is one of the best men in the county, and all of our people will say so much dry goods and clothing as he will buy and sell will be worth much more higher than any other kind. 1867 Rebel, Dewey.] Don't you think you will be off for him?

Election Next Tuesday, November 6th!

THE Democratic State Committee has issued a circular letter, the object of which is to call attention to the fact that the Australian ballot law is not responsible for the "scratching" of tickets. Election Next Tuesday, November 6th!

TUESDAY, Nov. 6th, is election day. The polls open at 7 o'clock and close at 4. Every legal voter is entitled to a vote. Every Democrat should be satisfied to put his vote early in the day and be done. You may not account that every Republican will mark early in the day.

THE late Senator Jos. E. Brown once remarked that he would rather be the father of a boy who would grow up to be a Democratic senator than to own a gold mine. He was a Democrat, and he was the party of reform, and he knew that a Democrat was made of similar stuff.

Election Next Tuesday, November 6th!

PUTNAM, who is responsible for the false claim to a majority in the Kentucky legislature, has made a confession to the Illinois Republican committee that of $200,000 in order to carry the Legislature in that State, says an exchange. Mr. Putnam is one of the party's pets and ought to help himself out of it.

GEN. SILAS ADAMS' card to the Republican voters of the 11th district, assuring them that he was in the field to win, has stopped the talk of an agreement between Adams and Hunter. Feeling between the Republican factions runs higher than ever, and the Democratic nominee, Stone, is making a thorough fight.

THE revival of business throughout Indiana has put a stronger spirit in every transport chains of the Republicans. Within the past forty-five days factories employing 25,000 hands have resumed operations with heavier pay rolls than ever before. It is estimated that 60 per cent. of them are running at full time and many of them double time.

Election Next Tuesday, November 6th!

THIS is the last issue of the HERALD before the election, and we earnestly have to call the attention of Democrats to the duty they owe their party. The Republicans have made no movement toward organization in this county as yet, but they will be on hand on election day with their heels and their votes. Democrats must be equally vigilant. The Democrats of Nicholas will be rolled among the most faithful in the land and we hope they will maintain the record.

HOW TO VOTE

X

Put your cross mark just under the rooster, as above.

Public Speaking

Jno. F. Morgan and G. B. Keller will speak in the Upper Lick school House, Friday night, Nov. 3rd, at 7 o'clock.

Within $10,000 of the Truth.

R. C. KING is no circular printed in Louisville, says—

Democrats are paying a hot license to build a jail at Court House in Nicholas County when we had a good Court House, needing only repairing and five good vaults for our papers and records.

We are not helping to build a jail, we have never voted this Court House, neither only repaired and five good vaults for our papers and records.

Now Bobby the entire cost of the Court House, repaired and completed, is $10,000, and you, a pure, immaculate, high-toned, distressed, "nonsectarian" old scamper say it costs $40,000. A difference of only $30,000. A trifle not to borrow pure like-minded Adonis! Come to the truth.

Now the truth is, there were $2,000, when the assessment was made $2,000, when the assessment was made $2,000, when the assessment was made $2,000 less than you pretended to add to it. Every dear soul of you, if the issue would have cost $30,000 more, would have had it built. Not content to lay body an honest debt, you would have borrowed $30,000 more, and have had a market for it in the bonds. Now, Bobby, the truth is, the Court House has borrowed about $8,000, and you, a pure, immaculate, high-toned, distressed, "nonsectarian" old scamper say it costs $40,000. A difference of only $30,000. A trifle not to borrow pure like-minded Adonis! Come to the truth.

The stock of wheat now in sight in the United States is 60,000,000 bushels more than it was at this time last year. The wheat is cheaper. Another trouble with the farmers is that the Republican party has reduced the duties on the products of foot in the United States from 25 to 100 per cent. They not longer have to pay high wages, so farmers can't get high prices for their wheat. Isn't it a shame that the Republican party has reduced the price of wheat in over-production?

What It Has Done.

Before the Republican party came into power it pledged itself to

Repeal the Federal election laws;

Repeal the Sherman act;

Reduce the surplus by reducing revenue taxes;

Lessen governmental running expenses;

When the Democratic party came into power it

Repealed the Federal election laws;

Repealed the Sherman act;

Reduced tariff taxation to a point which left the surplus $20,000,000 annually for duties paid, and hundreds of millions unpaid;

Lessened the governmental running expenses $20,000,000 annually.

It has done this great work in eight years. The Republican party promises to do well nigh forbidding the means of governmental support, and to do it in four years. Democrats have a record of promises and performance. Republicans have at best a record of done more than any other political party ever did.

The Election Away

GEN. BOOTH, the leader of the Salvation Army, has come to this country and has begun his work in Boston and Chicago with a large scale. He is a very remarkable man and has accomplished a great deal of good as well as added an ethical principle to the cause of the lowest. He has the same spirit that the price paid for the Protection got its first hurry this fall. The Republican party cut of sight and starting the whole side of Abraham Covington Commonwealth.

R. H. DUNN & CO.'s weekly review of trade says: "Failures for the week are reported in many of the States and Territories, but are occurring in some kinds of business which have been overdone, and indications are rapid more favorable than for some months past. Collections have eased, quite a number of banks have given notice of increased demand for products, if not equal to the largest movement, is better than it has been most of the time this year. The prices of cotton, breadstuffs and provisions have declined, and the iron and steel industry is in a very large speculative movement."

Election Next Tuesday, November 6th!

LAURENCE BUNN put the grand jury in a box when he was foreman, and when he called. He was most extraordinary well and he honored by being selected to serve on the grand jury. He was most extraordinary well and he honored by being selected to serve on the grand jury. He was most extraordinary well and he honored by being selected to serve on the grand jury.

CAL. W. P. BRADLEY, a veteran speaker, addressed a large audience in the city auditorium, beginning at 2 o'clock. He was introduced in a few words by Judge Denny Democratic standpoint, being a man of large experience in politics and of much practical of the polls. Now, Democrats, you have heard the speech, see that you support the "underdog" that surrounded him, and every one of you will be in a very large majority on a grave question.—Danville Tribune.

The Prohibition Nonsense

REV. G. W. YOUNG, who was nominated some time ago for Congress by the Prohibitionists of this district, declined the honor, and the party met in Augusta and decided on E. H. Neal, of Bracken county, to succeed him.

Mr. Young comes to his senses, and we go Mr. Neal's success on the election day. Mr. Young's action was highly commended by the Democratic press, and he will be rewarded by the Democratic party.

The Legislative Press has received information from a prominent banker in Lexington that a resident of that city did not intend to vote for Governor. Leaving himself in a fight there is nothing to be done. He has already been defeated by a good deal more than the majority of 2,400 by which Governor Buckner was elected in 1887. Democrats will vote for Governor, having every confidence that he will be elected.

The political situation in New York remains unchanged. President Cleveland refuses to say a word in behalf of Senator Hill's candidacy for Governor, having every confidence that he will be elected. All the other Democratic leaders are working for the success of the ticket. The Democrats of Nicholas Hill, and the President may have the satisfaction of seeing the Democrats move right along without him. Hill is making a great fight, and seems to be glad the President is not helping him.

The State Bureau of Immigration.

The State Immigration Convention at Louisville last week effected a permanent organization and much good will no doubt will be done attracting desirable immigrants to Kentucky. Governor Buckner is President and Col. M. E. Crapo, Secretary. Van Pelt, Commissioner of Agriculture, and Assistant Secretaries were selected as the executive committee.

Captain Willis L. Briggs, of Ashland, is Commissioner of Immigration and Statistics. Captain Briggs is a Grand Army man, and is a good selection.

The following resolutions were adopted:

Be it Resolved, That we, the citizens from all parts of Kentucky in convention assembled, earnestly urge the organization of a State Board of Immigration and liberal laws of a State Bureau of Information and Immigration, and that we pledge ourselves to use every practicable and discriminating influence in fostering the advantages of the State, and to induce all persons to come to these desirable immigrants to come and settle among us.

Resolved, That the President appoint an Executive Committee of fifteen citizens, with power to add to their number, and that he be authorized to appoint the five members of which shall be quorum, and that the Committee shall have the adjustment meeting of this convention, and that the Committee shall have the power to call a meeting of the Executive Committee for carrying them out.

JACKSTOWN.

The protracted meeting will continue over Sunday.

Jno. D. Hopkins is ill, and Wm. Tapp's infant is quite sick with whooping cough.

Miss Mary Tapp's school closed last week.

Mrs. Jno. Hopkins, of Carlisle came last week to slaughter turkeys for Bruce Hopkins.

Mrs. Mary Goodwin, of Sharpsburg, Bath county, is visiting Mrs. Jno. Hopkins.

Frank Smith wants to buy your turkeys, and will be on the Carlisle market free of them at your home.

Mrs. Bruce Hopkins is visiting relatives in Carlisle.

CHAPPELL, BOOK & COLLETTE

CITY STORE.

"Hang the banners on the outer walls, the cry is still they come!" Yes, they come from the East and the West, from the North and the South, from Bourbon and Bath, Fleming and Robertson, Harrison and Montgomery; whither bound? Why the City Store, of course. Where do people usually go? Where they have been invited, whereby they are treated kind and courteous treatment and a cordial welcome; this is what every one is sure to receive at this house.

We now have one of the largest, best selected stock of goods we ever had within these walls, full and complete in every particular.

To prove to you that the people appreciate our efforts to please them, and to merit their confidence and support, we have set our footstool dollars in excess of Oct. 3d.

The Fall trade has just begun with us, and before it closes we expect to have one of the best and largest seasons's business in the history of the house.

Last Monday a gentle rain began falling, which was kept up all through the night and all day Tuesday; this is what we have been wishing and praying for. Wells, and cisterns are now full, and stock water very low. From present indications it looks like a good growing years. Republican prayers you were Protection in paraphrase to save the country. Democrats say not only a Democratic year, but one in which we will have plenty to eat and the free for all the ingress and of good times. Is not this the price paid for the Protection got its first hurry this fall. The Republican party cut of sight and starting the whole side of Abraham Covington Commonwealth.

Election Next Tuesday, November 6th!

JOHN SHARPE, the Populist candidate for Congress in the Ninth district of West Virginia, has scattered literature of many stripes, each of which is a misnomer, crippled them with no assistance, and as a result wages the fight single handed. Sharpe has started from place to place and denounced the Democrats as the cause of all evil and hunting for votes. He is a unique manner of canvassing inasmuch as he is not a candidate. He will not certain that it will prove a vote getter.

Here is an issue one over which can be charged that the Wilson Bill, Mr. Sackett-Harter says: "We are confident and believe that logs are selling for the mountains at the same price they would sell at for years. Turn out all the logs you can get and haul them to the mills, and they have the money to pay you." Will the Tariff Tax Wilson Bill is not responsible for the low price of logs? Mr. Elias Barnes, of N. Rose, but not having confidence in the Democratic party, has gone to the mills and bought all the logs he could get, and is now getting $2 per thousand more than he could get before the Democratic party came into power. Democrats are not responsible for the low price of logs. Mr. Barnes is not responsible for the low price of logs. Mr. Barnes is not responsible for the low price of logs.

It is this or not a Democratic year what is? Democrats are in a dilapidated year early, for it is a year when the people are not responsible for the low price of logs. Mr. Barnes is not responsible for the low price of logs. Mr. Barnes is not responsible for the low price of logs.
