THE TEN cent fee is Democratic, so he hasn't shown his face in these parts since the election.

GOV. WATTS and Jerry Simpson both went down in the wreck. Things are not so bad after all.

A FEW years in the minority may learn the Democratic members when they come into power again.

SENATOR PEFFER proposes to have the two million Populist votes, which he says were cast Tuesday, as a source for the new silver party.

LESS talk and work for better times. It don't make any difference if the Republicans do claim the credit. We must all continue to try to make a living.

IF the other counties in this district had come as near their usual majorities as Nicholas we would not be regretting that third fusing that now finds its way into Congress.

GOV. CHAMBERLAIN WHITE, who would have been a Democratic senator from Kentucky had he been reelected, worked hard for the whole Democratic ticket in Montgomery.

JOE M. KENDALL, Dem., is elected by 93 majority in the 5th district and Judge Beckett is elected by the usual majority in the 6th district. Both will get the honors since the same party is in power.

ON readers who do not get the daily papers will find valuable information in our fourth page. We would advise our Democratic friends to look over it. Our Republican readers can do it also.

THE Populist have succeeded in helping to defeat the Democratic party and establishing in power the Republican party, a high protective party, by a large majority. We fail to see where they get any consolation out of their work.

THE Lexington Press says that since Russell Morris will not be governor, nor Boyle, nor members of the Democratic legislature, it is hardly worth while to make their acquaintance. They would make quite a desirable addition to the list of those waiting for Governor and Judge Beckett to get settled. Right you are, Bro. Press.

THE official count in the Scribner-Democratic contest for the office of State Auditor gives Mr. Bruner, the Democrat, a majority of 1,000. It is claimed that the Republicans will ask for a recount. In Kentucky the Democratic returning board gave Democratic certificates for a majority of 2,000, though there is only eight dull months in their term. See the difference?

THE Republican League clubs are now in the course of organization for the campaign of 1895. Every precinct in the county should be represented in the League. Let every Republican who is willing to work for the success of the party put his name down as a member. Let us have a rousing meeting at the Court-house on the night of the 24th inst. Let every precinct be represented. Let every man who is willing to work for the success of the party come. Let us have a rousing meeting. Let us have a good time. Let us have a good supper. Let us have a good time generally. Let us have a rousing meeting. Let us have a good time. Let us have a good supper. Let us have a rousing meeting. Let us have a good time.
