It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays Feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria. Castoria.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves." DR. J. F. KINCHELOE, Conway, Ark.

"Castoria is so universally known and has become so much better known than any space devoted to it would be occupied by my personal endorsement. I am pleased to do anything I can to extend the use of a medicine which has real merit." CARLOS MARTYN, D.D., New York City.

ANDREW G. CURTIN
The Great War Governor of Pennsylvania
Is the subject of the leading article in the
BELLEVUE, Pa., Oct. 6.—Hon. Andrew G. Curtin, the great war governor of Pennsylvania, died yesterday morning at 6:30 o'clock at his home in this city. The immediate cause of death was a mild spark going out after a sleep of 24 hours. Governor Curtin had been failing rapidly for some time, and his physicians had given up hope of his recovery. Governor Curtin's illness was brought on by a severe cold which developed into pneumonia. He was taken to bed on Monday, September 24, by a bout of dizziness. He was elected temporary chairman, and, on taking his seat, said:

The splendid department of the Empire State was represented in the convention by a full delegation, and the enthusiasm of the delegates was unbounded. We are not unmindful of the honor conferred upon us by the selection of Governor Curtin as our temporary chairman. He is a veteran in the service of the Republican party. He has been a conspicuous figure in the politics of the State for more than forty years past, and has been a prominent factor in the politics of the nation during nearly half that period. He has been a leader in the councils of the party, and always in the front rank of the battle for the principles for which the party has contended. He has been a member of the Republican National Committee from this State for many years past, and was a delegate to the convention which nominated Abraham Lincoln for President in 1860. He was elected Governor of the State in 1860, and was re-elected in 1863. He was appointed minister to Russia by President Johnson, but declined the appointment. He was appointed minister to Mexico by President Grant, but declined that appointment also. He was elected to the Forty-fourth Congress, and was re-elected to the Forty-fifth Congress, but declined to be a candidate for re-election. He was appointed minister to Russia by President Garfield, but declined that appointment also. He was appointed minister to Russia by President Arthur, but declined that appointment also. He was appointed minister to Russia by President Cleveland, but declined that appointment also. He was appointed minister to Russia by President Harrison, but declined that appointment also. He was appointed minister to Russia by President McKinley, but declined that appointment also. He was appointed minister to Russia by President Roosevelt, but declined that appointment also. He was appointed minister to Russia by President Taft, but declined that appointment also. He was appointed minister to Russia by President Wilson, but declined that appointment also. He was appointed minister to Russia by President Harding, but declined that appointment also. He was appointed minister to Russia by President Coolidge, but declined that appointment also. He was appointed minister to Russia by President Hoover, but declined that appointment also. He was appointed minister to Russia by President Roosevelt, but declined that appointment also.
