What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee thirty years' use by Millions of Mothers. Castoria destroys Worms and allays Feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria. Castoria.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when the mothers will consult the real interest of their children, and use Castoria in preference to the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their little throats."—Edwin F. Parker, M. D., 1057 2d Ave., New York City.

"Castoria is the best medicine for children with which I am acquainted. I feel that I am only voicing the sentiment of every intelligent family in my community when I say that Castoria has no equal for children."—H. A. Archer, M. D., 7th Ave. and 125th St., New York City.

"The physician in the children's room of the Presbyterian Hospital in this city gives Castoria in preference to any other form of medicine for the complaints of infancy and childhood, and we have reason to believe that it is the best."—Alex. Lambert, M. D., Physician to Out-Door Department, Presbyterian Hospital, New York City.

An old-fashioned way of getting there. Slow and safe, but hard work. Most women, have got beyond this kind of traveling—found something better.
Now, why can't you look at that other old-fashioned processing in the same light—washing things with soap and hard rubbing. That's slow enough and tiresome enough in everybody knows, and it's not as safe as washing with Pearline. It's really destructive, in fact, the wear of that constant rubbing. Break away from these old methods. Pearline saves at every washing.

The "fresh air" part stood in the doorway of her bedroom, clad in the abridged garb of her set on the ground in the silly, embarrassed way as the little people stood last.

She felt dimly that it was not given to her to be so absorbed about such and such.

All the way from the little country house to the station she kept doing the same thing, and the hard road to and from the station was not the best.

The sense of nearness to her conspirator was too great.

Mrs. Marsh protested in vain and kept changing sheets of a great city, and the doctor, who was a fast driver, made no more than the first thing down into the street, and chase the fast horse, and was going to take it.

Catarrh of the Bladder

The Greatest Medical Discovery of the Age.
KENNEDY'S MEDICAL DISCOVERY,
DONALD KENNEDY, of ROXBURY, MASS., has discovered in one of our common garden weeds a remedy that cures all kinds of Humors, in the worst forms, from a common Blotch, or Pimples, to the worst Scrofula. It is the great blood purifier, and health giver, that at once starts the sluggish liver and bowels into healthy action, and cures Constipation and Piles. It is the only blood purifier with which to thoroughly clear the system of the poisons of Malaria, and cures Fever and Ague, Chills and Fever, Dumb Ague, and Liver Complaint. For Boils, Carbuncles, Sore Eyes, Erysipelas, Scald Head, Sore Throat, Rheumatism, Scrofula, Salt Rheum, Fever Sores, Hip Joint Disease, Old Sores, Ulcers, and Sores of all kinds, it is the only known remedy that will cure in all cases. Send for book of testimonials of wonderful cures. Sold by druggists at $1.50 per bottle, or six bottles for $7.50. Prepared only by the proprietor, DONALD KENNEDY, Roxbury, Mass.

If the stomach is foul or bilious it will cause symptoms of dyspepsia. Ayer's Pills are the best cathartic to use in connection with Ayer's Sarsaparilla. They are sugar-coated, purely vegetable, and perfect in their action. Ayer's Pills never gripe nor sicken, but are mild and thorough in effect. They are the favorite family cathartic with those who know their value. For sale by all druggists.

A MOTHER'S STORY.

Happiness Comes After Years of Suffering.

[From the Chattanooga (Tenn.) Press.]

No more official in East Tennessee is better known than Mrs. Sarah Hall, wife of Hon. D. J. Hall, Circuit Court Clerk of Rhea County, at Dayton, the home of Mr. Hall. Mrs. Hall's acquaintance is large, and her influence wide, for she has for years been a helpful friend. Mrs. Wilson's high character for truth and veracity is the theme of those who have known her a term of years. Friends, and her wonderful recovery has attracted universal attention.

A reporter was commissioned to secure the facts in the case, and he found Mrs. Hall at her home, and was cordially received. The reporter was no stranger to the lady of the house, and he was made aware of the business that had called him. Mrs. Hall was willing to tell the story of her case, and the reporter was willing to hear, and the following is the substance of the interview:

"I was born in Rhea County, and was married when quite young to Mr. Wilson, who died several years ago, leaving me with two children. I was afterward married to Mr. Hall, and by this union have had two children, both girls. Any way I've had a hard time of it, and for years I suffered almost all the time with my back. I had the best medical attention procurable, but got no relief. I was treated by the best physicians in the country, and tried all the remedies I could hear of, but nothing did me any good. I was confined to my bed for weeks at a time, and I have been so sick that I thought I would die. I suffered with nervous prostration, and was so weak I could not walk across the floor. I was treated for female troubles, but got no relief. I was under the care of Dr. Bowers, of Dayton, for a long time, and he did all he could for me, but I kept getting worse. I was treated by Dr. Bowers for about two years, and he finally told me that I could not live. I had given up all hope of ever getting well, and was perfectly resigned to my fate. I had been reading about Dr. Williams' Pink Pills for Pale People, and had seen a number of testimonials in the papers, but had no faith in them. I had taken so much medicine that I had no faith in anything. I was induced, however, to write to Dr. Williams' Medicine Company, at Schenectady, N. Y., for a pamphlet, and they sent me a number of testimonials. I read them carefully, and they were from people whose word I knew was as good as their bond. I then concluded to give the Pink Pills a trial. I purchased six boxes at the drug store of Mr. Hall, and before I had taken them all I felt that they were helping me. I kept on taking them, and by the time I had taken the sixth box I was entirely well. I have not had a sick day since, and I have not had a pain since. I have gained in flesh, and now weigh 140 pounds. I am as well as I ever was in my life, and I owe my present good health entirely to Dr. Williams' Pink Pills for Pale People. I have recommended them to many of my friends, and will always do so, for I feel that I owe my life to them."

Mrs. Hall is a member of the Methodist Church, and is a lady of the highest character. Her husband is a prominent Mason, and is also a member of the Methodist Church. Mr. Hall is a member of the Knights of Honor, and is also a member of the Knights of Pythias. Mr. Hall is also a member of the Knights of Honor, and is also a member of the Knights of Pythias.

AGRICULTURAL HINTS.

ROADS IN NEW JERSEY.

Good Work Done by a Man Who Understands His Business.

In Morris County, which is in the hilly part of the State, the road commissioners appointed a section ranging from one-fourth of a mile to three miles in length. These commissioners, with a portion of the road taxes appropriated, have charge of the work. In order to get a good idea of the different methods and results, I will describe the condition of the roads in one section of the county.

A GOOD COUNTY ROAD.

Before the work was begun the road was a deep cut through the side of a hill, with fields to cover up a little more than the width of the road.

The present of all possible material for making bad roads. The bottom was full of stones, and the road formed a ridge in the middle, with deep ruts on each side. The ruts were filled with water, and a little higher and is more to haul any load, even when it is light. Besides, the ruts are so deep that a horse can't get out of them, and if a wheel slips off the ridge it drops into a rut, and the load is overturned.

The commissioners went to work in earnest. The first thing was to get rid of the water. A deep ditch was dug on each side of the road, and the material thrown out was used to fill the ruts and raise the road bed. Then a coating of broken stone was put on, and the road was finished. The ditches are kept clear, and the road is always in good condition. Many of the farmers have followed the example of the commissioners, and have put the roads in front of their farms in the same condition. Where this has been done the road is a pleasure to travel over, and the farmers can haul their loads to market with ease.

ENSILAGE FODDER RACK.

A Device Which Saves Much Labor and Waste.

Although the growing of a good crop of corn for ensilage is a very simple matter, the feeding of it to stock and securing it clean is not so simple. Many farmers who have silos have had a great deal of trouble in getting the ensilage out, and in feeding it to stock. Many of the racks in use are very difficult to handle. Many of them waste a great deal of the ensilage by the fodder and one of the best racks for this purpose is described by F. Wrange of the Ohio state experiment station.

ENSILAGE FODDER RACK.

It must be fence, but that a fence of any kind will answer.
