THE MEANING OF DEMOCRACY

The Rise of the Buckwheat Cake

The heaven of heaven rains the cake of heaven. Don't spoil good buckwheat with cheap raising-batter—fresh cakes wait for Royal Baking Powder, with the scumming lather of yesterday's flour. Old lady, she was up to the good old times. But these are days of Royal Baking Powder—freshness into freshness raises freshness.

And this is the way the buckwheat cake of today is made: Two cups of buckwheat, one cup of wheat flour, two tablespoons of Royal Baking Powder, one half teaspoonful of salt, all sifted well together. Mix with milk into a thin batter and bake at once on a hot griddle. Do not forget that no baking powder can be substituted for the "Royal" in making pure, sweet, delicious, wholesome food.

THE RISE OF THE METAL ROOFING ON EARTH.

Now is the time to have EAVES TROUGHS put up, and OLD ONES REPAIRED. Fill your roof and gutters with water and have it Flow and Cold. Leave your order with us, and I will do you a first-class job at a low price.
