G. R. KELLER, of Nicholas.

For Representative from Bracken and Robertson—
JAMES CAMPBELL, of Bracken.

TUESDAY, November 5th is election day.

PRESIDING COMMISSIONER at the Atlanta Exposition—

COMMISSIONER Pugh did not fill his appointment here Monday.

MAGOFFIN County Democrats nominated James E. Cahill for Representative.

IT is less than two weeks until election day and then we will begin a rest for the campaign liar.

MESSRS. JAMES C. DAWSON and Hon. P. Morgan attended Court at Mt. Olivet Monday. They report the Democracy of Robertson united and general in the support of the State ticket.

A SPECIAL from Pensacola, Fla., Oct. 31, says: Rev. P. Bourke, a bitter Democrat and a prominent member of the River Association of United Baptist, has been appointed by the Governor to look after work for Democracy.

C. W. HOPPER, a prominent Democratic preacher and a Republican member of the Legislature, addressed the people in a letter to the Democratic State Committee soliciting the payment of his salary for his vote for Senator.

TODAY Col. Bradley begins a new style canvass in Kentucky. He will travel over the state on a special train which will stop at the stations while the Col. speaks to the crowds. He will be "on today" from the rear platform.

MR. JAMES C. DAWSON was nominated at the late primary election and there is no elected man in this county who, by action, so there is no reason why he should not receive the full party vote. He and his family have always been true democrats and have never asked for office before.

W. P. HARDIN, Jno. W. Langley and a few other "Alert Independents" are among unorganized material to be prudently seeking a division of those in Mr. Hardin's organization. Why don't Col. Bradley challenge two Hardin ? Why does he refuse to meet self-Democrat in joint debate ?

CARROLL D. WRIGHT, Commissioner of Labor, in his annual report declares in favor legislation, attempt to prevent the recurrence of the loss caused by strikes in the United States during the thirteen and one-half years ending June 30, 1895. He computes the loss to the country at $450,000,000 to employers at $42,875,000, and to employes at more than $407,125,000.

SENATOR JOHN SHERMAN'S new book entitled "Forty Years in the House, Senate and Cabinet" is now on the market. He has stirred up a row among the old Republicans, including Blaine, Harrison and Garfield, where he accuses of cheating him out of the Presidency. Gen. Garfield's son says that Senator Sherman's statements about Garfield will be answered in a book to be published hereafter.

WHILE the Republicans are charging Democrats with disloyalty to the party, the national and state administrations have appointed many Democrats to office as teachers. Twelve millions were levied and fifty thousand men were mustered and paid at Washington last week for protection, and over eight hundred of the Democratic dollar went to Democratic tailor.

THE Mason Fiscal Company brought suit for $50,000 damages for slander against John Fiscal, a banker of Louisville Sunday Truth, and a Mr. Hanson, hardware dealer, over a horse trade. They are the fellows that Democratic Attorney-General Hardin refused to prosecute in the Mason Fiscal Company. Some more to be in a hot way to have to answer for campaign lies.

THE traveling correspondent of the Louisville Commercial, who has been in Harrison county will scratch the Democratic ticket. He says he has been grossly insulted, and he thinks that not exceeding half a dozen Democrats in Harrison county will scratch the Democratic Candidate for Governor. This situation, he thinks, is the result of the entire political deadness of the county. He says he will vote a full vote with the party he has always been with, but he says the Democrats are acting foolishly in the matter of getting out a full vote with the Democratic ticket. Mr. Watson is a Democrat who has been in the habit of voting the Democratic ticket, and he will be pained by both parties. Mr. Watson's experience last night must have been a different light.

They go all around and then we call them Undervoter. Ours must be right. Negro Tribune.

Poor Banner! The next thing they will be handing around the hat for contributions for him. At Vanceburg,Confederate Pugh introduced him and tried to create sympathy among the boys by saying that the charges were all compound, by saying: "Old Bradley is a very poor man. He has not today the amount and of dollars in his bank. And if I venture to say he has not got money enough to buy a cheque." If these poor people could see the style in which the Colonel monitors at home and know that it is claimed that he has a million dollars in bank they perhaps they would shed no tears for his poverty and put up no money for his to share the chautauquaing of office with—Democrat-Journal.

BLUE GRASS SEED.

Few people have what hope makes by the grass-seed business is in Paris, or know how much money it causes to be distributed in Bourbon county, says the Bourbon News.

The yield of blue grass seed in Bourbon last year was about 200,000 bushels, and the average price was thirty-five cents per bushel—which is a little more nearly seventy thousand dollars to be distributed in this one county.

This season C. S. Brent & Bro. have handled about 75,000 bushels, and have yet to be handled about 75,000 bushels, and their large warehouse has been running day and night for the past two weeks to store this seed. Their weekly pay roll to warehouse employes is about $150.

The firm of Speers & Stuart and Ed P. Hutchcraft & Co. have also bought large quantities of blue grass seed this year, and have their seed cleaning establishments running at full time.

It is estimated that fully 50,000 bushels of blue grass seed will be sold in Paris this season, distributing about $17,500 as its value for farmers.
