A Card From Judge Norvell.

To the Editor of the Carlisle Mercury.

I have announced my candidacy for Circuit Judge of this district subject to the 16th Judicial District, subject to the action of the Democratic party.

The call, by the district committee, for a primary election to be held June 27th, 1896, causes some dissatisfaction. It makes the primary election to be held more than 16 months in advance of the regular election. The action of the committee seems to be hasty. I extend this proposition to the announced candidates, that the order be rescinded and a time fixed that will give the people time and opportunity for mature deliberation and full consideration of the merits of the different candidates. But if the committee refuses to rescind its order I am still a candidate.

Respectfully,
Jno. F. Norvell.

EARLY BIRDS.

A special from Mt. Olivet April 30th, says: The contest in this district for circuit Judge is assuming quite interesting proportions. The district is composed of the counties of Robertson, Nicholas, Harrison and Bracken. The present Judge is W. H. Kimbrough who is a candidate for re-election. The primary has been called for June 27, although Judge Kimbrough has not yet announced his candidacy. Mr. Simon is exceedingly popular throughout the district, and the race will be lively.

The fact that Judge Kimbrough and his Commonwealth's Attorney do not live in the same county has made the fight all the more interesting. Though they are not on speaking terms and have not been for a year, it is said that they will be united in the race. Judge Kimbrough has a number of friends in Nicholas and Harrison, and if he can get his home county solid he will be a hard man to beat.
