Democratic Ticket.

For President
WILLIAM JENNINGS BRYAN.
Of Nebraska.

For Vice-President
ARTHUR SEWALL.
Of Maine.

JOHN S. SUBER is a Democratic candidate for Sheriff in Robertson County, with J. S. Day for deputy.

THE Louisville Post calls all Democrats who support Bryan "puller dogs." Dickey Bird is making "puller dogs" every day.

It is understood at Washington that President Cleveland declares himself against the Chicago ticket; Secretary Hoke Smith, who has announced his purpose to support the ticket, will be given his place in the Cabinet.

THE New York Republicans have agreed to find the people a playing gold in the Treasury under the election the Democrats would swallow such a fact and don't deserve to be free. The strong monarchy is what they need—something like Russia.

THERE is great danger that the "gold bug" papers will melt their type in trying to print both sides of the question at once into which the Democratic party has come by the nomination of Bryan and Watson by the Populists. They ought to be glad of it, as they claim it makes Bryan's election an impossibility.

AT St. Louis last week the Silver Democratic Convention nominated Bryan and Sewall. The Democratic Convention at Indianapolis nominated Palmer and Buckner. Then E. of Georgia and Bryan notified the Populist he would not accept the nomination unless he was from the money belt and put on the ticket. The middle will be settled by the National Committee. It would all be right in the end.

DEMOCRATIC candidates for Congress in the Ninth District are now afraid to come forward. The city of Mt. Sterling has nominated Col. W. LaRue Thomas, citizen of county. Hon. J. B. Hendrickson county. Dr. Smith, of Harrison; Hon. J. F. Allen, of Flemingsburg; Hon. Monday Williams, of Bracken county. The election will be held at Maysville August 12th.

MASS CONVENTION

The Democrats of Nicholas county are requested to meet at the Court house in Carlisle, Ky., August 8th, 1896, at 2 o'clock p. m., for the purpose of selecting delegates to attend the District Convention at Maysville, Ky., August 12th, 1896, to nominate a Democratic candidate for Congress from this the 6th Congressional District.

CAPT. Thos. J. Clay, U. S. A., grandson of Henry Clay, one of the owners of the noted Belgravian Stud, and one of the most prominent breeders of fine horses in the country, has announced his engagement to Miss Grace Hagan, daughter of Mr. and Mrs. Edward Hagan, of Lexington Leader.

Of course, Capt. Clay, who has a soft life time job, with fixed pay, should not want his money to buy as much as possible. Of course, if property should become almost valueless he would buy a farm every year with his money. Let Government feeds and clothes him.

THE thousand old sinners in the Jellico and Coal regions have declared through their mouths that they will support Bryan and Sewall. Most of these men live in the Eleventh Congressional District, and most therefore have been Republicans. If this statement is true, we get it from the daily papers, and therefore doubt it as a knock out for the single gold standard party. The MERCURY has always said, and repeats it now, that if the laboring people and producers of all the land take up the cry of Bryan, Silver, the fight is won. If they don't, McKinley will win hands down.

A LETTER.

Hon. John Q. Carlisle,
Washington, D. C:

DEAR SIR:—Being convinced that our cause is right and that the future of the United States Treasury are likely to be settled that chief silver, W. J. Bryan's speech by desperate hazard and reckless of many of Wall street, I offer to be one year from contested government bond to be issued, I am now confident to cease our stocks upon the credit of the government until after the election and to secure our good faith in the matter we send you herewith twenty-five millions in gold for you to keep until we call for it. The voters of the United States are mostly idiots and they will not see this trick until it is too late to head to off.

Yours, &c.,
WALL STREET BANKERS.

One of our "gold standard" friends called the MERCURY'S attention to what he considered a great wrong. It is the calling of discarding Democrats hard names. He failed to furnish specific cases, but just objected to being called "Sucker." The MERCURY is not in favor of setting ugly things at any time and does not do it in this connection, but pay for real kind and fatherly and brotherly expressions we commend the following from the Louisville Times, a gone-over single gold standard organ. Here:

"As an exhibition of folly and frenzy the Democratic convention at St. Louis was not to be surpassed at, but for idiotic dederdash the Populist crowd at Memphis was in a class by itself. Nominating the Communist of Paris. The maddest and most ominous feature of this orgie of ignorance and lawlessness is the loss of hysterical women taking a leading part in it. It is the most disgraceful scene in the life of the great Republic.

"I believe the struggle now going on in this country and in other countries for a single gold standard would, if successful, produce widespread disaster in and throughout the commercial world. The destruction of silver as money, and the establishing of gold as the sole standard of value, must have a ruinous effect on all forms of property, except those securities which yield a fixed return in money. There would be enormously enhanced in value, and would gain a disproportionate and unfair advantage over every other species of property. It would be the most relentless statement of debt there is nearly seven billions of dollars of gold in the world, and the world would very equally divided between gold and silver it is impossible to strike about out of existence as money without results that will prove disastrous to millions and utterly disastrous to tens of thousands.

"I believe gold and silver must never to be the money of the constitution, indeed, the money of the American people, anterior to the constitution. I believe that every patriotic law recognized as quite independent of its constitutional power. No power was conferred in Congress to declare either money should not be money. Congress has, therefore, no power to demonetize silver. THE CONSTITUTION MADE BOTH MONEY. THE FATHERS, IN their wisdom, made both money. *Force is necessary to demonetize.* If force is necessary to demonetize silver, force is necessary to demonetize gold. I am, therefore, opposed to the demonetization of either, and I am in favor of having it enforced."

TEXAS's nothing the matter with the Democratic party. She is all right. She had a new civic law noted passenger to Democratic National Convention. They had a Democratic Governor elected. The old chiefs and under a new act, have been re-elected to Congress. The old Democratic party is all right and the old strong monarchy is what they need—something like Russia.

THERE is great danger that the "gold bug" papers will melt their type in trying to print both sides of the question at once into which the Democratic party has come by the nomination of Bryan and Watson by the Populists. The Jeffersonian Democracy was evolving in a Memphis convention, which will formulate a policy, on which all Democrats can stand, and all of socialism and of anarchy, as well as the Democratic house twits and honest money, will be left out in the cold. The Democratic party of Jefferson, of Jackson, of Tilden and guard, which has gained a foothold in the Democratic party." Louisville Post.

The Post is a paper published in a large city and knows as little about what the people are doing and thinking as does the great hull Eastward of Japan. Its information comes from correspondents who know if they are not interested in the editor it will not be published, and they lie to please it. It does not realize that referring to people as "hide-bound, ignorant and greedy only makes against itself own cause. The editor of the Post knows all the brains in the state, but there are many folks in the back woods. The following is one of how bright and intelligent the people are. The most notable incident at the Democratic convention last night, and right, the shortest lights failing to secure the adoption of the ship-gate heal shortened blackness to the dreary Republicans."
