ANNOUNCEMENT.

We are authorized to announce HON. FIELD BUCKLEY as a candidate for Representative of this district at the November election.

The registration in Lexington Tuesday shows a Democratic gain of 500.

Hon. W. A. Birnie, one of Bracken county's prominent Republicans, has joined the Bryan forces.

In Florida Tuesday the Democrats won by a big majority. Duval, the banner county in the State, has gone over to the doubtful States list for the first time following silver.

The Democratic Club at Mooreland will hold a meeting Saturday afternoon at 2 o'clock. This club has 225 members, and is officered by Al Bessert, President, W. T. Smith, Secretary, W. H. Howe, Treasurer.

Stephen Ford of Mercer, Morris Carbran, of New York, Tom Beed of Mason, Jas. de Carlisle, of Washington, D. C., and many other Republican speakers are to be brought to Kentucky to help carry this state for McKinley. And then they will not be able to do it.

Hon. Hanson Kennedy, Jas. H. Mc-Cregor and G. E. Keller spoke to a good crowd at State street last Saturday afternoon. The Democrats of that precinct signed a Bryan Polk ballot last night. They are active and determined. They will have a rousing meeting on the evening of the 3rd of November.

Riverapolis, Phil Armour and all the men who skinning the American public are in favor of the election of McKinley. What these people want, the business man, the farmer and the man who works for wages do not need Bath County World.

In accordance with a letter from Attorney General Harlan, District Attorney J. H. Bibb, of the East Tennessee district, has issued a proclamation to Sevier and Taylor, the convicted Republican. Courier-Journal.

Hon. Carlisle is coming to Kentucky to speak for McKinley but Mr. J. H. Bibb is called down by the Attorney General for speaking for Bryan. This seems to be a Democratic administration with Republican proclivities.

The Republican Executive Committee of the 7th district decided not to call a convention to nominate a candidate for Congress. They gave Dewey a blank cry and agreed to deliver their party to Breckinridge. This is a year of funny political things. It will be a grand said to see the "Dad and Mom" party voting for a condemned Democrat.

The Gold Standard Rule.

As we go to press the grand rally of the Republicans and Gold Standard Democrats is progressing with a great crowd in attendance. Two bands are making music and those in the stand say they are having a good time. Mr. Hiley Brown, from Lagrange, Col. Bradley, Judge and Hon. Jas. W. Yerkes are addressing the crowd and everything is passing off nicely. Our Reception Committee is doing the agreeable in great shape and are happy.

Hons. H. Bronston and G. E. Keller addressed about one hundred members of the Bryan Club at Pleasure Store Dap's Ferry last Friday night. They listed an enthusiastic workers club at that place, and had a most attentive audience. There is no doubt about the fact that present going a majority for Bryan and free silver. The worst thing to do now is for that section was the so-called corrupt fund, and the people will not have a factor where the fund would give it a chance. We congratulate that part of Jessamine Co. Mr. Dupy and the Ferry to declared a most successful stream.

What right have the gold-bug bolters to lock about a fusion between the Democratic and Populists in Kentucky? They have left the Democratic party and are helping to elect McKinley. The Democratic and Populists both stand on that plank, and had a most attractive audience. There is no doubt about the fact that present going a majority for Bryan and free silver. The worst thing to do now is for that section was the so-called corrupt fund, and the people will not have a factor where the fund would give it a chance. We congratulate that part of Jessamine Co. Mr. Dupy and the Ferry to declared a most successful stream.

What Dick Said.

Senator James R. Beck, of Kentucky, addressed the bar the United States Circuit Court of Appeals, Cincinnati Herald January 18th, 1896, and said:

I know that the bondholders are the most unpopular of this country are seeking to destroy the constitutional rights of the people in order to protect the interests of their gold. I know that the act of 1873 was passed in the interest of the bondholders, and the money with which it was purchased was furnished by the bondholders for the purpose of their gold. I know that the act of 1873 was passed in the interest of the bondholders, and the money with which it was purchased was furnished by the bondholders for the purpose of their gold. I want to restore the money of the constitution, and the money with which it was purchased was furnished by the bondholders for the purpose of their gold.

It is estimated that the advance in the price of wheat will put $100,000,000 into the pockets of the farmers of the United States. This is more than the entire value of the Klondyke Eldorado. Your billions the money shrinkers are now directed against the people. Further. They have been made to believe that the money of the world should be the money of the people. Further. They have been made to believe that the money of the world should be the money of the people. Further. They have been made to believe that the money of the world should be the money of
