Warren Hunt, nephew of Mr. H. M. Hunt of this city, writing from Vancouver, California, says that everything is on the West will go for Bryan, and that California is sure to give Bryan a big majority. In a free silver club in the city one-fourth of the members are old time Republicans, he says.

Buckner as Anarchist

When the U. S. Buckner was running for Governor of Kentucky on the Democratic ticket in 1887, here is what he said at Lexington June 15th in his arraignment of the Republican party:

It violated its faith by the passage of legislation the contract of the bond holders to receive their pay in the currency of the country and gave them gold and it then demonetized silver in order to make more valuable gold and further enrich the capitalist at the expense of the people.

Bryan's Reduction.

This is an extract from one of Bryan's speeches in Kentucky in the campaign of 1892. Here is what he said:

I am informed that you have turned the name of Republicanism into that of a gratuitous pauperism that you have laid your hands upon the pockets of the toiling masses and have taken from them their hard earnings. Since I believe it, your latest law hurts us more than the McKinley law. Instead of reducing taxation, as you promised, you believe will put by made impose millions on the people and the result will be a deficit and the reign of will close such hold.

The largest crowd that has ever attended a Democratic county meeting was present Monday to assist in organizing the campaign. Speeches were listen to by our candidates, Hon. Hanson Lucas Thomas of Mason, Democratic nominee for Congress and Hon. W. J. Pauli, of Lee county, Republican nominee for Congress in the 9th Congressional District. The Court-room was crowded to its limit for an hour before the meeting was called to order and at least a thousand people were unable to get in. Hon. Thomas was introduced by Hon. Hanson Kennedy, who presided over the meeting in a few well chosen remarks. He said he was a Democrat and a Democrat he would be to the end of the chapter. He was not a crowd to over listened to by a larger crowd. Which both parties were pleased with their candidates for Congress in this District we shall be proud of both Mr. Thomas

Hon. Thomas and Hon. Buckner the able and lovable representatives of the McKinley Bill Nobility, will together tour the South a practical illustration of a case of the Blue and the Gray, the one, as days gone by, the brave defender of the Old Flag and the other the apostle of the other To day looked in each other's arms. Talbott will be elected Governor of Kentucky. Step today from party ties, stand shoulder to shoulder, and march to victory. A reunion from Quincy Ill., announces the death of Hon Mitchell Dancy, a former resident of this county. At the time of his death he was the democratic nominee for Representative in the State Legislature. He was 72 years of age and a widower

Bryan in Kentucky.

Hon. W. J. Bryan made a flying trip through Kentucky this week and as usual was attended with crowds of unbounded enthusiasm. At Louisville the crowd was so great and excited by many at one hundred that some of them were assaulted to speak at three different points in order to be heard by the multitude.

Along the route through the State the crowds at the stations were sometimes astounding. At Lexington Tuesday the crowd was so immense that nearly one-fourth of them present could hear him. Lexington never had as many people in their ladies.

Tuesday night many thousands greeted him at Maysville, while at our own station more people were gathered to greet him for five minutes than go to hear our oldest orators for an hour or two.

We do not know what is to come of it, but we are satisfied that the speech of the people is in the matter of money, and their enthusiasm for the champion of free silver.

Mr. Bryan is a wonderful man he is a good deal of a crank in some ways, whether he goes up or down. He first at Carlisle

There never was a more enthusiastic love as was exhibited Tuesday on the passing of candidate Bryan. The people began coming in from the country by noon, and when the train left the town of the people was in the matter of numbers, and their enthusiasm for the champion of free silver.

Mr. Bryan spoke to the crowd about five minutes, and was heartily cheered.

Ohio.

Pat Howard, of this county, passed on to Cincinnati on the 11:45 train Tuesday morning. He has blow of when leaving Paris, and Mr. Howard is undertaking to recount 3 hundred of the thousand head long into the fields. He was somewhat bruised and cut about the head and face.

Senator Jo Blackburn says that Mr Bryan is a great orator and has declared three Governors to those who stood by the money.

The election night plans which are known as the silver crusade will be carried out in Nicholas County. Our band will be out and there will be a torch-light procession and speaking at the Court-house at 7 o'clock p. m. Thursday September 24th. Come out and hear him.

BRYAN ON CORPORATION MONEY

One of the most significant of Mr. Bryan's recent utterances is his denunciation of the free coinage of corporation paper. Hon. Grover Cleveland Back issued a proclamation in order to be heard by the multitude.

Only Fifty Years

Bank failures are all the rage, and it is not safe to have a check at any place or another a check as they please. Even the banks are not safe to deal with them. They demand the right to refuse to pay a check when they see fit, and even refuse to pay a check when it is presented. Money is the only thing that is safe to deal with, and the only thing that is safe to deal with is money. The banks are not safe to deal with, and the only thing that is safe to deal with is money. The banks are not safe to deal with, and the only thing that is safe to deal with is money. The banks are not
