Tom Brocklehy Review names Hon. W. A. Breen as the next Democratic candidate for Congress.

Governor Buckner's militia ought to be made for something, and we do not see why it should not make part to guard the ballot-box.

The Supreme Court of the United States has decided that the State of Kentucky has the right to close up all Lotteries within her limits.

The Courier-Journal jumps on ex-General Basler Schwiegas of the Knights of Labor. The C. J. has joined the K. of L. like it has the Democratic party. Jerusalem is to have the right to kick it.

The Cincinnati Post estimates that 100,000 turkeys were eaten in and near Cincinnati Thanksgiving day.

If Hon Ford and DELMAR Schwartz were present on Thanksgiving day, and that one hundred thousand turkeys were eaten, we should have said there would have been a good time.

Contributor to Exchange: "If it is an idea and that Hon. Woodrow Williams of this city, will at present time, as a member I would be a candidate for Governor I would be a candidate for the Democratic nomination, and I would be glad to have the support of the people of his district."

Gen. Brewer and his associates on the Sinking Fund Board leased the coal and coal lands in Hyde and Jones counties, North Carolina, for 99 years. While they are to be somewhat restricted as to the amount of coal they can mine in a year, they have a lease which may last for a century, and the people should have their coal mined without calling on the Sinking Fund Commissioners.

Wheat.

Wheat went up to Chicago Friday $1 per bushel and closed at 99 cents. It is now down to 80 cents, and at this time of year is phenomenal and shows that Europe is not in a hurry for it. We have had an abiding faith that wheat would get $1.25 before Christmas and $1 or by next harvest.

Where the Legislature is looking for something to do this Winter, we would call attention to the proposition of a Board of Commissioners. This is especially needed at this time, as Kentucky is being overrun with "Good Roads" conventions that are selling the people a pig in a poke. Let us pass only the Improved Road law shown to be in existence at present and then we will have a system of roads that will be a credit to the State and a blessing to the people.

A Forest Fire Ablaze. Ky., New Castle says: A general drought exists here in Wolfe, Lee, Breathitt, Owsley and Perry counties. Forest fires are raging in the Kentucky River Coal and Manufacturing Company, the stock of which is largely held by Ashland Improvement Company and the Ashland and Kentucky River Railway, which is also interested in the lumber. The falling off in the receipts of the Ashland Division of the L. & N. Railroad is attributed to the low water. Official Vote of the State.

The State Canvassing Board met in the office of Secretary of State Falby in Frankfort Monday, and commenced the task of that institution. There is composed of Secretary Finley, Treasurer Hughes, Attorney General Taylor. The board was in session several hours, and completed the work before adjourning.

The following vote was cast by the counties named as follows:

Governor Buckner's Private Secretary.

Governor-elect Buckner has appointed Hon. Thomas Turner, of Louisville, his private secretary. Mr. Turner is a young man of fine ability, and will make a good secretary.

Candidates for Place.

Frankfort, Ky., Nov. 22, 1887.

Governor Buckner is not to be with us long before candidates for place will be numerous, so as to be thankful for the information, we can all be thankful that there is much to be thankful for this year. We did not fail to remember on the 24th inst. to be thankful for the election of Governor Buckner while he was but a member of the General Assembly. It might have been thought he had cut off, which would have been very exciting to us. Of course, it would have named Senator Deboe as successor, because he gets along with Democrats, just as well as a member of Indian descent, but it would not look exactly right to have a Democratic Senator from one of the Democratic States of the Nation with his head palpably washed off. Now that I think of it I should accept Deboe to have his head knocked off, because he would be in better shape to shave with if he didn't have his head on.

But Senator Deboe is not to be with us long before candidates for place will be numerous, so as to be thankful for that close call. Senator Deboe is not to be with us long before candidates for place will be numerous, so as to be thankful for that close call. Senator Deboe is not to be with us long before candidates for place will be numerous, so as to be thankful for that close call.

Just remember that past precent 1; the late and lamentable Election. Deboe and Blanks and two or three other Republican "leaders" whose names were not known to the public until recently, were away around the circle to elect nine fifty-odd members, and Bradley to make a majority. Some of the statements made by Bradley's friends, were away up around the circle to elect nine fifty-odd members, and Bradley to make a majority. The Carlisle Mercury is not going to allow its readers to go without the home to buy goods—indeed we refuse to admit any firm will carry nothing, but will refuse to give and to one of these "shopping guides."

Local Remedy for Congress.

It is a "do well to begin to a-Fo" that Congress will not be in session for the State's good, but it is not our purpose to say anything about politics or matter, and also that to the Democratic party, and to the Democratic party, and to the Democratic party, and
