Accidently Shot.

Henry, son of John Harney, who resides at Sylvandelle, went out for a hunt Thursday morning last. Between 11 and 12 o'clock he undertook to rest his gun on a log, the weapon slipped off, the hammer striking the log with such force as to cause the gun to discharge the load which took effect in the young man's head entering just above the right temple, ranging backwards and taking with it a part of the skull an inch wide an fully three inches long. The young man has just past his 21st year, and stands a show for recovery. He being talkative and conscious is something remarkable. —[Cynthiana Times.

The Maysville Bulletin says: "What's the matter with the Republicans of Kentucky? Their State Central Committee decided this week to discard the old gold hat, and adopted a light gray soft slouch as a part of the dress to be worn in the inaugural parade. The silverites will strenuously object to the gold bugs appropriating their colors."

Bro. Marsh, if we don't look out they will be trying to steal the Chicago platform inside of a year.—[Flemingsburg Times Democrat.

An exchange observes that a great many wonder why it is that we have so many old maid school teachers. This is easily accounted for, and also demonstrates their wisdom. They do not care to give up a forty dollar a month job for a fifteen dollar a month man. They have more authority in the school room than they would have in most households.

WARNING.

We wish to caution all users of Simmons Liver Regulator on a subject of the deepest interest and importance to their health—perhaps their lives. The sole proprietors and makers of Simmons Liver Regulator learn that customers are often deceived by buying and taking some medicine of a similar appearance or taste, believing it to be Simmons Liver Regulator. We warn you that unless the word Regulator is on the package or bottle, that it is not Simmons Liver Regulator. No one else makes, or ever has made Simmons Liver Regulator, or anything called Simmons Liver Regulator, but J. H. Zeilin & Co., and no medicine made by anyone else is the same. We alone can put it up, and we cannot be responsible, if other medicines represented as the same do not help you as you are led to expect they will. Bear this fact well in mind, if you have been in the habit of using a medicine which you supposed to be Simmons Liver Regulator, because the name was somewhat like it, and the package did not have the word Regulator on it, you have been imposed upon and have not been taking Simmons Liver Regulator at all. The Regulator has been favorably known for many years, and all who use it know how necessary it is for Fever and Ague, Bilious Fever, Constipation, Headache, Dyspepsia, and all disorders arising from a Diseased Liver.

We ask you to look for yourselves, and see that Simmons Liver Regulator, which you can readily distinguish by the Red Z on wrapper, and by our name, is the only medicine called Simmons Liver Regulator.

The Australian correspondent of the Tobacco Leaf reports that a shipment of tobacco was recently sent to London to test the market. It realized about four cents a pound, which scarcely covered the cost of freight. He expresses the fear that the taste for Australian grown tobacco is only to be acquired in that magirl continent, where the customs duty discourages the use of imported tobacco. The plant thrives well, and when cured the leaf doesn't look bad, but it smokes most vilely."

Rheumatism Cured in a Day.

The remains of the late J. T. Young, of Sharpsburg, were buried Wednesday at Mt. Sterling. He was fifty-eight years old, and was a son of the venerable Johnson Young, who survives him. His wife died about two years ago.

CASTORIA. The fac-simile signature of Chas. H. Fletcher is on every wrapper.

A Hutchison (Kan.) young woman broke her engagement because she heard that her lover gave another girl a diamond ring for a Christmas present. She has since found out that the girl was only two years old. It doesn't always do to jump at conclusions.

If It Had Been Bryan!

The 4th of March is almost here, and the voice of the receiver is still heard in the land. Notwithstanding the wish which is father to the thought that prosperity should come, banks crash, business enterprises are staggered, and the receiver stands pre-eminent as the advance guard of McKinleyism. We were told that the mere triumph of "sound money" would so compose matters that without further effort business would take care of itself. The triumph has come, the date of inauguration can be seen over the hilltops of time, and there is no improvement. Suppose Bryan had been elected, how all these things would have been charged up against free silverism! Since the reverse is the fact, are they not as fairly chargeable to McKinleyism? It may be like rubbing turpentine into a raw place to ask the question, but the people are asking it everywhere.—[Atlanta Constitution.

MYSTIC LIFE RENEWER

Warranted the most wonderful Nerve-Builder and Cure ever discovered. Sold by Tureman & Son, Carlisle.

QUICK WIT.

A girl who lives in a little town in the West, not far from a railway crossing, looked out of the window the other day and saw a laborer jump from one track to the other to escape an approaching freight train. He was apparently dazed by terror, and stood still, not seeing that behind an express train was rushing down upon him. The girl saw that before she could make him understand his danger it would be too late. She therefore threw up her arms, shrieking wildly: "Help! help! help!" trusting to the impulse which sends a man on the instant to the relief of a woman in distress. "I'm coming!" shouted the Irishman, springing toward her in time to escape the engine as it rushed past. He stared back at it and then at the woman, crying and laughing at the window, and, taking off his hat with shaking hands, said: "I owe you something, miss," and walked away. His intentions were as friendly as hers, but the wit was slower.

By unanimous consent Representative Owens secured the passage of his bill, which has been favorably reported from the Judiciary Committee, removing the political disabilities of Col. William E. Simms, of Paris, Ky. Colonel Simms was a member of the Thirty-sixth Congress and also a member of the Confederate Congress. He is old and feeble now, and as he does not expect to live much longer, has expressed the desire to be restored to full citizenship, so that he could die as a full fledged American.

America's Crownless King.

Those who attend the inauguration of President McKinley should go to Washington over the picturesque Chesapeake & Ohio Railroad, as it is the only line combining every essential feature of an attractive tourist route, namely, varied and beautiful scenery, historic interest, and superior track and train service. Trains are run by the block system and are lighted with electricity, heated with steam and carry through Dining Cars. The clockwork regularity of its schedule and the perfection of its equipment has made the "F. F. V. Limited" the most famous railroad train of America.
