Aren't the first thing needed is for the Republican party of Nicholas county to organize a Democratic Committee whose duty it shall be to look after the interests of the party in the direction of offices? Such a Committee is necessary to the success of the party. Democrats are not going to vote for Republicans on Democratic tickets and Democrats will never believe that the Democratic Committee has the slightest interest in the success of the party unless they see it. Organize. Get a Democratic Committee that will look after the interests of the party. Make a campaign. Get out and work. Don't sit down and expect victory to perch upon your banners. Get busy and work. Work like Democrats. Work like Republicans have always had to work in order to win. Work like Democrats have always had to work in order to win.
