How Jobs G. Black will speak at Flemingsburg next Monday, County Court day.

The Democrats of Bath and Rowan have nominated Hon. Waller Sharp for the legislature, and we predict that he will be elected.

The Courier Journal says the free silver question is dead. Then why this frantic effort to nominate the corpse?—Elizabethtown News.

The Ohio Falls Car Co., at Jeffersonville, Ind., has made a reduction of 17½ per cent in the wages of its workmen. They can't look as they voted right for protection—last Fall.

Senator G. R. Massie announced that portion of the M. & L. turnpike road lying in Nicholas last Thursday, and reports the length 14 miles and 50 rods.

The case assumed Dr. Hunter and others charged with conspiring to bribe members of the Legislature was tried at Frankfort this week, and the defendants acquitted. The whole thing was a base political trick.

COMMITTEE MEETING.

The members of the Democratic County Committee will meet at Carlisle on Monday, Oct. 11th, 1897, at 2 o'clock p. m. Business of importance.

A. W. PAUGHS, Chm.

In Fayette and Bourbon the gold Democrats have fused with the Republicans and issued mixed tickets, and then talk about being better Democrats than other folks. How easy it was to be a good Democrat and vote and run with Republicans? The thing is impossible.

For some time we have purchased that portion of the Maysville and Lexington turnpike lying in her limits and kept it in thorough repair. The road to the county's 22½ lands—involving the purchase of the county—making the total cost to $2,000 for the 14 miles. This makes all the roads in Bourbon free.

Hon. J. D. Rogers, of Owsley county, who has just been nominated for the State Senate from the district composed of Breathitt, Morgan, Menefee, Owsley and Wolfe, is a native of Nicholas county, having been born here in 1850. He served in Col. Zeke Clay's battalion in the Civil War, and is now a resident of the Chestnut branch.

The Kentucky Court of Appeals reversed the Fall term Monday. The most important case in that of the Bald Lick and Swallow Associations. It flows from a notice for a rehearing of all these cases and will ask for a decision that will permit the Associations to sell their enough money from borrowers to pay expenses and the loss they have sustained. The future of many companies is depends upon the issue.

The Courier-Journal is trying to persuade the people to believe that Hon. Jno. C. Breckinridge is not raising corn now—including John Klein—who never has in his system. Of course those of the C-J's readers who know either Senator Breckinridge or one of the electoral votes in the state, know that no stump speaker or no orator of any kind is more out rank high. He is about as near a wonder as it can well be imagined—one could be who would take the stump in Kentucky. If the Courier-Journal's reports about the remarkable wheelchair candidate Hindman's speeches are unreliable as its reports about his "taken up" folks, the whole thing can be set down as a pack of bare faced falsehoods.

THE MEN WE CRITICISE.

Did anybody ever hear of plain, every day democratic doings with republicanism? Nay, verily. And you never will. It is the high sounding name of National Republicanism that deceives the people, after all, who ever thought of making common cause with an ancient enemy? That kind of democracy, exhibited in Fayette, Clark and other counties, where democrats, democratic and real, sticking, come negroes and all, under a division of the spoils, is enough to make a Jefferson arise from the grave and protest, and old Andrew Jackson come to life again, swear by the eternal that such a people have no part nor lot with the party he led to victory and power.

It seems that Hon. Jno. Pickett, of the editor of the Maysville Bulletin very near the same opinion in regard to this fusion business. We do not blame men for differing with us—we do not desire to control their acts—but we do not and can not understand how men who claim to be the only pure democrats can permit their names to appear under the device of a party they have so often spurned as the very I. X. L. of wrong and rotten.

Now, how can Hon. Judge Hazzard, of Clark, and Judge Payne, of Scott, who have been the representatives of the good things Democracy could bestow, can turn upon their friends and send them with as much fanfaronade as would a regal tiger upon his prey? Why, we had passed it food for months, we can not understand.

These men can not claim that they are more honest than they ever were, for it is known that they are not; they can not claim more wisdom, for that is a virtue; they can not claim more virtue, for they have it not. Each of us for years took to friends for past favors they are no better on the count or in fact than those who have not asked or held office at the hands of their party and yet they do so please and not be criticised—men who have fed and fallen fat at the crib refuse to fill subjects for the severest castigation, and we know of none that are strong for their shameful behavior.

MR. CAMPBELL WITHDRAWS.

To the Chairmen and Members of the Democratic Committee of Nicholas County:

GENTLEMEN—I hereby decline the nomination for Clerk of the Nicholas County Court, and request you to accordingly call my name off before Monday or Tuesday next—to supply my place. I am not a candidate for any office with the name of some other gentleman. My racially declining, also, should prompts this action upon my part. A sweet stroke of partisanship, and a signal overturner of its supporters and friends has been struck.

I have served the people of Nicholas county, and the people of Nicholas County for nearly forty years, and during that period I have, as nearly as I can, to do my duty faithfully and honestly. I am sorry I think is fully appreciated by the people of Nicholas County.

With kindness for all and malice for none, I am respectfully yours,

JOHN A. CAMPBELL.

Democratic Assembly business review says: "Notwithstanding unseasonable weather and the appearance of yellow fever in several Gulf States, checking nearly all the distributive merchandise, business throughout the country has increased more than usual. The center of improvement is Chicago, which furnishes the most favorable trade report while four years' the principal settlement of the labor question now exists. A further rising tide of demand for iron and steel products, the withdrawal from the market of weak manufacturers of woolens, extraordinary large business in cotton, and that memorable collision, have improved constitute the features of the week."

United States Judge Cox has decided that the post office authorities have no right to remove office holders notwithstanding the fact that they have called civil service. This is right where it belongs, and the Democratic party will be in power it will not be there in no-term non-partisan fashion. Under the law the right to such favors of an administration he believed to keep out of place, they can get kicked out.

Hard to Please.

Rev. Mr. Moore, Bible agent for the American Bible Society, delivered a lecture at the Christian Church in Cynthiana Sunday evening. But few outsiders were present, and the collection was taken up and found to be only $1.65. Mr. Moore refused outright to accept a Bible as a gift. Another lecture was announced without that the Bible Society would distribute, but he would accept a barge, handsomely bound one.—Cynthiana Democrat.
