BRONCHITIS

Bronchitis is very prevalent. It generally begins with a common cold, attended with cough, hoarseness, soreness of the lungs, tightness of the chest and difficulty in breathing. If not attended to it soon becomes dangerous—then comes the fever. Bronchitis is a disease of the throat, lungs and bronchial tubes, and if not stopped, it relieves itself at once, effects an easy expectoration, and cures in a few days.

Dr. Bull's Cough Syrup

Will promptly cure Bronchitis.

Manufactured only by the Proprietors, Dr. BULL & CO., Nashville, Tenn.

C. M. E. Church Conference.

The Thirtieth Annual Conference of the C. M. E. Church met at Lebanon, with Bishop Lane presiding.

The session was success spiritually and financially. The increase of members this year was much greater than that of last year.

The following are the appointments for the ensuing year: Lebanon Circuit—D. A. Walker, Presiding Elder.

Lebanon Station—C. M. Palmer.

Bradfordsville—W. Henderson.

Campbellsville—S. H. Mitchell.

Mitchelsville—J. M. Bell.

Carlisle—L. F. Howard.

Columbia—W. M. McElroy.

Williamsburg—G. B. Bartrell.

Somerset—H. H. Johnson.

Richmond—W. D. Hawkins.

Richmond Circuit—W. H. Goode.

Richmond Station—S. M. Brady.

Irvine—A. S. Mills.

Hudson Institute—E. D. Green.

Hudson Institute Circuit—E. Stewart.

Irvine Circuit—H. J. Stewart.

The Conference adjourned to meet next year in Lebanon, on the first Thursday in October, 1899.

The Festive Candidate.

John D. McIntyre, editor of the Owensville Democrat, is being considered as a probable candidate for State Superintendent of Education.

Col. Robert J. Breckinridge, of Danville, is announced as a candidate for Attorney General of Kentucky. Mr. Breckinridge is a prominent Democratic orator in the old Commonwealth, and has a strong following in the State Convention.

Hon. W. H. Smith went to Bardstown Monday, where he spoke to a large crowd. Notwithstanding the excitement of Gen. Hardin from the mule, Mr. Smith's speech was received well in the race for the Democratic nomination for Governor.—Richmond Register.

The Winchester Democrat says: "Lon Parker, of this city, is being urged to become a candidate for the Democratic nomination for State Superintendent of Public Instruction. He is a fine scholar, a deep thinker, a close student of current conditions, and the right kind of a man for the place. He is the oldest son of Judge W. M. Parker of this county, and in an atmosphere of full sympathy with the people, out of which he is an able advocate.

The Danville Advocate says: "Judge Wm. S. Pryor, ex-Chief Justice of the Court of Appeals, a man who enjoys the confidence of the Democracy of the Commonwealth, has written a letter to Hon. Wm. Lindsay, declaring his support of Democratic if every other candidate withdraws. Judge Pryor is a man of the friends and backers of the candidate for the Democratic nomination for Governor. With the name of Judge Pryor at the head of the ticket Democrats would feel no concern about the result of the gubernatorial battle."

In 1897 Mr. Thomas Kelsoloh of Mitchelsville, Tenn., had an attack of Pneumonia which left him with a cough. He treated with best physicians in East Tennessee without a cure; he says: "Finally I bought a bottle of Chamberlain's Cough Remedy and got relief before I had taken one bottle. I have used it since and well." For sale by S. F. Beard & Co.

A Capital Blunder

Will be made by those who neglect to call on Mathews Friend for anything in the line of Groceries. Prices are right, goods are right, and the treatment is right. Don't forget the place.

Not in the Trust.

Mrs. Myra E. Barnes, of Cleveland, N. J., highly praises "Nuticura" with a history which she owns. Wives' Relief number was for 3 in 1895, Kingsbury, Ind. Mrs. Barnes writes: "Mrs. Barnes would be worn out and purchased material for a dress. Mrs. Barnes made it herself and after following eight cutting out the same, and when finished it fitted her to a T. She says she owes her good health to the use of Nuticura." Mrs. Barnes says the next morning she felt like a new woman and was able to go to work. Nuticura is the only medicine in all the world that will do such work. Sold by druggists.

PEACE UNFURLS OLD FLAG

New Jersey Woman Celebrates Ending of the War with an Event Made in 1861.

Mrs. Myra E. Barnes, of Vineland, N. J., highly praises "Nuticura" with a history which she owns. Wives' Relief number was for 3 in 1861, Kingsbury, Ind. Mrs. Barnes writes: "Mrs. Barnes would be worn out and purchased material for a dress. Mrs. Barnes made it herself and after following eight cutting out the same, and when finished it fitted her to a T. She says she owes her good health to the use of Nuticura." Mrs. Barnes says the next morning she felt like a new woman and was able to go to work. Nuticura is the only medicine in all the world that will do such work. Sold by druggists.

Out in Kansas

Loses a heavy sale, the writer not having used **Mother's Friend** before confinement. The last letter I had from her she said: "I have not suffered very much." No wonder she will

Mother's Friend

After applying mother's friend before confinement, the happy expectant mother is spared much of the usual misery. It helps to relax the muscles, and prepares the system for the ordeal to follow. Every woman who uses it recommends it to her friends. Don't suffer needlessly, but write for book containing information and voluntary testimonials of others who have used it. Sent free. Sold by druggists at $1.00 per bottle.

THE BRADFIELD REGULATOR CO.
ATLANTA, GA.

LEVIATHAN OCEAN LINER.

Management Announces Enlargement of New Cedric Construction.

That the huge Kaiser Wilhelm der Grosse, with three of other magnificent ocean liners, will be represented nearly the limit of size that could enter their docks, is generally conceded when that remarkable fact is considered. The Cedric is 700 feet in length, 75 feet beam, and 49 feet depth of hold, and has a depth of load of 30 feet, 6 inches, and a gross tonnage of 21,000 tons.

There will also be a gymnasium, where sailors passengers may indulge in most short notice at any hour of the day or night, and a swimming bath of 30 feet in length. The latest improvement of ever aboard a passenger liner has been provided for. An elevator conveyance is a feature of the Cedric. The Switchback is expected to reach the limit of speed, which is 20 knots an hour, and will be provided early in 1899 and will have a tonnage of 24,000 tons. The Cedric will be ready to take the water in March, 1899.

WILL BE EASILY ADJUSTED

Administration of Catholic Church in Cuba and Puerto Rico to Be Changed.

Among those occupying high official positions with the Catholic church in the United States are a number of Spanish birth and Spanish affiliations. The first effect of the treaty of peace will be to remove the connection of these ecclesiastics with the administration of these colonies. The Spanish government and the various Spanish orders have had a large influence in the administration of affairs in the Spanish colonies. It is probable that the ecclesiastical appointments will be made by the pope, but it is probable that the United States government will have a voice in the matter. The Spanish clergy have been in control of the ecclesiastical affairs in the Spanish colonies for many years, and in a measure have come to be identified with the political affairs of the country. The change will be a radical one, and will be watched with interest by the Catholic church in this country.

GRAPHOPHONE RECEIPTS.

Edison's Invention Proves Now Source of Profit to Their Owner.

Edison's graphophone is proving a source of profit to its owner. Mr. Edison has received $10,000 in royalties from the sale of graphophone records during the last month, and the receipts are increasing. Mr. Edison has been experimenting with the graphophone for the last ten years, and has spent $200,000 in perfecting the machine. He has now brought it to a point where it is a practical success, and is ready to be put on the market. Mr. Edison has been offered $500,000 for the graphophone, but refused it. He says that he will not sell the machine, but will lease it to the public. He will receive a royalty of 50 per cent on the profits. The graphophone is a phonograph which records the human voice on a wax cylinder. The cylinder is then placed in a machine which reproduces the voice. The graphophone is a great improvement on the phonograph, and is a great success.

Just Astonishing

Is the way Mrs. Joseph Lemay, of Bay St. Peter, Canada, writes about Dr. Miles' Nervine. She says: "I was troubled with nervousness, sleeplessness and dizziness. I had taken many medicines, but they did me no good. I was induced to try Dr. Miles' Nervine, and after taking a few bottles I was entirely cured. I can recommend it to all suffering from nervousness." Sold by S. F. Beard & Co.

S. is sold by druggists everywhere, is the only blood remedy guaranteed to contain no mercury, mineral or other poisonous ingredient. Write for our free blood book. Swift Specific Company, Atlanta, Georgia.

INCREASING ENORMOUSLY.

Report on the Use of Cocaine for the Cure of Liquor Habit.

Reports for the first nine months of this year show a yearly increase of the cocaine habit. The number of persons taking the cocaine habit is enormous. Statistics for the first nine months of this year show that nearly as much cocaine has been imported as for the whole of last year. Reports from the custom houses at the principal ports show that the importation of cocaine for the first nine months of this year has been 400,000 ounces, against 574,255 ounces for the whole of last year. The increase for the first month of this year is 100,000 ounces, and the imports for that month were 100
