FOR CONGRESS,
HON. NORVECAI WILLIAMS.

TUESDAY, SEPT. 25, 1866

Mayor P. F. Johnston, of Lexington, has gone to Saratoga to spend a few days.

Gen. Basil W. Duke has announced his candidacy for a seat in the Kentucky Senate from his district.

Gen. Lew Wallace, of Indiana, has been appointed Governor of New Mexico.

Senator Fessenden, of the Committee on Reconstruction, declared that a Radical Democrat was as much to be dreaded as a Copperhead, but it is to be closely watched, and the people will be given an opportunity of voting upon it. This is a good deal like the other radical measures that the people have been forced into accepting.

Every intelligent man in Europ regards the present condition of affairs in the United States as a crisis in the history of the country, and the most remarkable feature about it is the calmness with which the people are discussing the situation. Such a thing could not have been witnessed in any other country on the face of the globe, and it is only another evidence of the intelligence and patriotism of the American people.

Every Democrat, of the Executive Committee should visit a Radical, and have a conversation with him, and ascertain what he intends to do in the coming election. Let every Democrat do his duty, and success is certain.

Gen. Sheridan has been investigating the Louisiana riots, and has declared that the Legislature of that State was not a legal body, and that the majority of the members were not entitled to seats. He also declares that the riots were premeditated, and that the negroes were led to their arrest or death, were engaged in the fight. The Legislature was composed of the Radical members of the Constitutional Convention, which only assumed legislative powers for the purpose of framing a new Constitution for the State. The Governor, Lieutenant Governor, and Attorney General, who were elected at the same time, were not arrested, and they are the only officers in the State who have any legal authority. The Legislature was composed of negroes, seven white men, and twenty-five Radical carpet-baggers. The Governor, Lieutenant Governor, and Attorney General are Democrats.

The Archbishop of the Philippines, who is the highest ecclesiastical authority in the Catholic Church in those islands, has declared that the people of the islands have the right to vote for their own rulers, and that the Spanish Government has no right to interfere in the matter. The Archbishop is a native of the islands, and is a man of great influence with the people. His opinion is therefore entitled to much weight.

Gen. Frank P. Blair, who recently made a speech in Missouri, in opposition to the Radical party, has been appointed Commissioner for the establishment of the Southern Pacific Railroad. This road is to be complete. The American people have expected for many years that this road would be built some time or other.

Three hundred Radical clubs will be formed in this city during the month of October. Democrats should be on the alert, and see that every man is registered. Democrats should also see that every man who is entitled to vote is registered. Democrats should also see that every man who is entitled to vote is registered. Democrats should also see that every man who is entitled to vote is registered.

The Democrats of Louisville have nominated Hon. Thomas Speed for Congress. He is a gentleman of high character, and will be elected by a large majority. The Democrats of the Louisville district have also nominated Hon. Henry Pirtle for the Legislature. He is a gentleman of high character, and will be elected by a large majority.

Democrats should not forget that the registration of the world-renowned Kentucky Democracy will be held on Saturday next. Democrats should not forget that the registration of the world-renowned Kentucky Democracy will be held on Saturday next
