SUBSCRIPTION RATES.

TUESDAY, SEPT. 27, 1898

Democratic Ticket.

FOR CONGRESS,
HON. MORDECAI WILLIAMS,
OF JEFFERSON CTY.

We publish to-day the list of election officers appointed by our new Election Commissioners and we challenge any one to say that the gentlemen named (both Republicans and Democrats) are not reliable and honorable gentlemen. The Republicans are given the very best men in their party, and so far as Nicholas County is concerned the charges of bi-partisan and fraud must fall. Nicholas County election is sure to be honest and fair, and a fair count is assured. This is the first under the Goebel law.

The Latest News.

(From Courier-Journal, Sept 25th.)

The demand of the United States as to the evacuation of Cuba is that it shall begin not later than October 15, and be completed by December 31. It is probable that the United States will take steps to prevent the removal of the Columbus monument and remains. If any action is to be taken it must be prompt, as the Spaniards will begin the work of removal Monday.

* *

The cruisers Boston and Raleigh and the gunboat Callao have been sent from Manila to take possession of Iloilo. The Americans at Manila have observed warm courtesies while were impressing men into Aguinaldo's army. The general situation at Manila is unchanged, as all sides await the action of the Paris peace conference. Health conditions grow steadily worse. There are now 663 soldiers in the general hospital. Hundreds of Spanish prisoners are ill and removal is imperative.

* *

In an interview with the Courier-Journal correspondent at Santiago Gen. Garcia confirms the impression that his people will be counted on by the United States. He declares the Provisional Cuban Government is methodical—in name only—the republic of Cuba being as yet only represented by a few men in the field. He says the only real government in Cuba is that of the United States, which he fully recognizes, and that it is the duty of the Cuban soldiers to lay down their arms and go to work "under the protecting arms" of the United States to build up Cuba.

* *

In ministerial circles at Madrid it is stated that Spain will hold out to the utmost for Spanish sovereignty over the whole of the Philippines.

* *

The wrecking company engaged under Lieut. Hobson in the work of raising the wrecked Spanish warships has successfully floated the cruiser Infanta Maria Teresa. The cruiser after being gotten afloat was taken in tow by the Potomac and conveyed by the cruisers New York, Newport and Alvarado, proceeded for Guantanamo Bay, where she arrived safe.

A letter from the Courier-Journal's correspondent with the First Kentucky in Porto Rico confirms the report of the appearance of yellow fever at Ponce. Rigid regulations were at once established to prevent a spread of the disease and the alarm at first felt has in a great measure subsided.

* *

According to Gen. Gomez, concentration camps are said to exist in Santa Clara province, in Cuba. Men, women and children, he says, are starving with no relief in sight.

* *

A research from Louisville, Ky., Sept. 24th, says—Yellow fever epidemic is slowly moving onward. At New Orleans the first death occured Sunday and two people are taken down. There are five new cases at Harvey's Canal and one at Baton Rouge.

Franklin has had a hundred and six cases to date. Five persons died there. The sick are doing well. Another case appeared in Jackson, Miss., today. A large number of inhabitants, including mayor, Governor McLaurin has moved his office from the state house to Jeanie asylum two miles from the city. One new case was reported from Oxford. Three patients at Taylor are critically ill. There is a total of one hundred and twenty-four cases through out Mississippi.

* *

Tarson are working night for three shifts in the mines, and the mines have growing out of the war should relieve the country of the fear that the services of an escort to the will be needed. The assassination of the death of the president's eldest daughter. It was a graceful tribute to the U. S. Fort Leavenworth especially so grateful to the widow of the only man who had ever risen to the to would government, to accept. Mr. Dimmick's offer was made in the most heartfelt manner, and we are delighted that even at this late day the hatred shown toward her great name is passing away.

* *

Hon. C. Bascom Hall, of Wayne county, who was a strong man for Secretary of State, has withdrawn from the race.

* *

Hon. C. W. Metcalfe, of Jefferson, who was a strong man for Secretary of State, has withdrawn from the race.

Big Tobacco Matters.

St. Louis, Mo., Sept. 24.—The Republic to-morrow will say: Interests to the amount of $50,000,000 are involved in Secretary Bliss's high position as counsel of the company's failure to carry it after the deal by which the purchase of the Drummond plant in this city at its then market value. The fact that the money has not been paid to President Harrison or Drummond for the purchase of the plant is due to the concession on the part of the Tobacco Exchange in the New York stock exchange that the company will be formally relieved in order to put it in operation.

The belief that tobacco stock is going to rise and the Drummond plant is taken into the combine is based upon the theory that the American Tobacco Company will be strengthened right in the face of the Cuban soldiers by the gold practically in the hands of the Drummond Company, who are the owners of the largest stock of the cut leaf tobacco before the money can be raised to pay out the shareholders in the Drummond Company, who are practically the owners of the stock of the American Company, went direct to New York where they had to borrow the money, and as all the trust companies there are loaded down with tobacco stock the amount was hard to raise there and that President Duke will return here and put the matter through as speedily as possible.

It is not clear whether the money necessary to pay for the Drummond plant is raised by the issuance of stock, bonds or scrip, it will all pay $10,000,000 to the general stock of the American company, on which a dividend will have to be declared. The Drummond plant is outstanding $7,000,000 common and $2,000,000 per cent. non-cumulative preferred stock, issued several months ago, bearing 7 per cent upon it. The latter issue was paid if not cent last November, and 3 per cent upon in May of this year. With a total of $36,867,500 outstanding stock and scrip, the addition of $10,000,000 to cover the Drummond deal will make the total issue $46,867,500, upon which the company will be expected to earn a dividend."

C. S. Thurlemas represents the Firestone Foundry, in Sheeby, and is prepared to place the risks on city property at the very lowest cash rates. See him before you take out another policy.

Dr. R. Goldstein,
544 4th Ave. Louisville, Ky.,

WILL BE AT THE
Kimbrough House October 20th.
Spectacles and eye glasses to suit every vision. Eyes examined, and difficult cases a specialty. Special Attention given to pensioned men in Fayette Co.

Yellow Jaundice Cured.

Suffering humanity should be supplied with the best remedy for speedy relief. It is with pleasure we publish the following letter from Mr. Jones, who I have known for over six months, and was in our city and all to no avail. Dr. Miles' Anti-Pain Pills relieved him in the fifteen minutes and he was entirely cured. I can take great pleasure in recommending Dr. Miles' Anti-Pain Pills to the suffering public, as I am confident by using them fifty cents and a dollar will be saved in doctor bills, as satisfaction or their chance and do not fail to try them. Sold by druggists. Dr. Miles' Anti-Pain Pills are held against him, and each one guaranteed. Sold by druggists.

Commencing on Dr. Charles Lafferty's farm, on the Paris pike, one mile from Paris, on

THURSDAY, OCTOBER 6th,

at 10 o'clock, a. m., the following property, to-wit:

Private Entertainments, of Cincinnati, and Miss Kentucky Valentine, of Richmond, Va., will be among the guests. Flowing County of Ireland is an exceptionally handsome girl, and is a favorite among Paris. He was one of the squad of Kentucky boys who went to Cuba and covered himself with glory during the fight. He is the second soldier to be Democratic county from the same county.

Commencing on Dr. Charles Lafferty's farm, on the Paris pike, one mile from Paris, on

THURSDAY, OCTOBER 6th,

at 10 o'clock, a. m., the following property, to-wit:

Belmont Jordan, of Carlisle, was at Paris Monday. He says the Democrats and Republicans of Nicholas county will not have fusing with the Democrats. The Democrats have got the farm-bred fire horse on pedestal, and will not be satisfied with anything else. Mr. Jordan is a Democrat and a good one.

Mr. and Mrs. Robert Hall, of Mount Sterling, are visiting relatives in the Mount Sterling neighborhood, guests of Mr. and Mrs. Jordan Hall.

The fair ended with a rain that drove settlers in and to be fair once or twice a day. Mr. Hall has been a visitor to the fair ground and home burning, while the fair was in progress. Mr. and Mrs. Hall are to-day the very richest land of this section produced from the same land season. The growth was too rapid and the stalks grew tall and spindling, and thus, having entirely too much rain to be ready for cutting, and that out, looks in the Daily section and that out, looks in the Weekly section.

For Sale—10 heads of good Jacks, from Tinsley's Kentucky Mammoth.

T. H. Rion, Mansfield.

For Sale.—Two-horse mine and clean Rye, suitable for seed.

LAND FOR RENT!

As Administrator of the estate of the late T. S. Parks, I will rent 150 acres of grass land till January 1st 1899.

For particulars write me.

JAS. McCLURE, Paris, Ky.

MICROBES WAIT FOR CYCLISTS

Doctors Advise Wheelmen Not to Ride Through Swamp Lands.

The Lakeville man who is trying to get up a corps of cyclists. After a meeting a few days ago, he said:

"When the bacteriologists announced that the germs of malaria were to be considered as. Bacteria, I was not surprised. I have always had a horror of the bicycle, and I have always had a horror of the swamp. The combination of the two is simply horrible. Why, I would rather have typhoid fever than malaria. I have had both and selected the former as the lesser of the two evils.

"Now, the bacteriologists say that the germs of malaria are always present in swamp lands, and that the germs are especially developed by the bicycle exercise. The effects are said to be more severe if one gets off the wheel and walks through the swamp than if he rides. When the bacteriologists announced that the germs of malaria were to be considered as. Bacteria, I was not surprised.
