Democratic Ticket.

FOR GOVERNOR.
HON. MORDECAI WILLIAMS,
of Jefferson Ky.

Hon. Thos. F. Bayard, of Delaware died at his summer home at Pelham, Mass., Wednesday. He was one of the Democratic leaders for the past twenty-five or thirty years, and had been Senator from his state several terms and Secretary of State under Cleveland.

The State Board of Election Commissioners has issued a statement that counties in boards in about twenty nine counties have failed to send notice of their organization, according to law. Unless such notice is received within the next few days the State Commission will proceed to the work as apportioned of the 11 Commissioners in the counties.

The Republican State Committee of Kentucky has issued a call for a meeting to be held in the city of Louisville, Tuesday, November 8th, 1898. The time fixed is about the moment before the national campaign, and is a strong endorsement of the Administration, both in diplomacy and in war and demands the attention of the citizens throughout the State.

THE TURPIN QUESTION.

The county has paid out over $5,000 for guarding Tolliver and Turpin the past year, and the end is not in sight. It would have amounted to a few years to the price asked for the prisms. The roads have been made free for years, and the people have had to pay for the privilege of using them. Is it right? Is it fair? Is it just? Is it Democratic? Is it Republican? Is it Populistic?

After having paid out over $5,000 for guarding Tolliver and Turpin the past year, the people of Marion county want to know Mr. Nicholas considering the best way out of their difficulties. The people have demanded free turnpikes, and now is how to get and keep them in repair is one of the living questions of the day that we hope will be settled in accordance with the wishes of the people. The Democratic party is pledged to free turnpikes and Democratic success depends on the pledges made by the Democratic party.
