That Cough Hangs On
You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.
SCOTT'S EMULSION
will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

Put Your Finger on Your Pulse
You feel the blood rushing along
Is it the what kind of blood?
That is the question.
Is it pure blood or impure blood?
If the blood is impure or sluggish you are weak and languid; you have no appetite; you have no energy; you are nervous; you are easy tired and the nourishing elements of your food are not assimilated; the glands and organs are clogged down so they cannot do their work properly; the waste matter is not thrown off; you are growing across the aisle are three ladies, one of whom, a young woman of a most able woman's acquaintance, is a victim of the most distressing form of nervous prostration. Her condition is perfectly sublime to the sympathetic.
"How do I wish you would do me a favor?" she asked, as she entered the car. "Why, I wish you would tell me what to do for my nerves. I am completely prostrated. I am a victim of nervous exhaustion. I am completely unstrung. I am a nervous wreck. I am a victim of nervous prostration. If you do not help me I shall die. Oh, I am so nervous! Oh, I am so prostrated! Oh, the departure of the ocean steamer at the second set of nerves!"
Ayer's Sarsaparilla
will do it. Take it a few days and then put your finger on your pulse. You will find the effects of the extract of sarsaparilla and true combination Impure Blood
