**Have You Heard of It?**

You may have heard of SCOTT'S EMULSION of fish liver oil and cod liver oil. It is cod liver oil, the best in the world, but made so palatable that almost everybody can take it. Nearly all children like to eat cod liver oil.

**SCOTT'S EMULSION** looks like cream, it flows like the warmest honey of the baby, child or adult, better than cream or any other food in existence. It is best suited to the weak and to other conditions that require due to milk. If you have had any experience with other emulsions, "just as good" preparations, you will find that this is a far better preparation. The ingredients that are combined with the purest cod liver oil are of the most scientific and most effective nature.
