"Ellen N."

The editor recently took a trip over the Kentucky Central division of the Louisville & Nashville railroad, that great system which traverses the South, and whose network of tracks touch nearly every important point in Kentucky.

The passenger service on this road is unexcelled. Their "solid" trains are trains of solid comfort, and every convenience and facility that will add to the comfort and pleasure of the traveler is provided by the management. It is the popular route with Kentuckians to Cincinnati and northern points, as well as to points in the South and Southwest.

The L. & N. probably carries more Winter tourists over its lines into Florida, Georgia, Alabama, Louisiana, and other southern points, than any other two roads, and travelers will find it safe, quick, comfortable, and a trip over its lines a pleasure.

For Over Fifty Years.

Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while teething. ... Be sure and ask for "Mrs. Winslow's Soothing Syrup."

CIRCUIT Court has been grinding about the usual grist this week, with nothing sensational on the boards. The grand jury adjourned Saturday, after returning 31 indictments for the following offenses: Violating prohibition law, 22; shooting with intent to kill, 4; concealed deadly weapons, 1; gambling 2; concealing birth of bastard child, 1; murder, 1. None of the prohibition indictments were against citizens of this place.—[Flemingsburg Times-Democrat.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that can not be cured by Hall's Catarrh Cure.

F. J. CHENEY & CO., Props., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last fifteen years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm.

West & Truax, Wholesale Druggists, Toledo, O.
Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price 75c per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

Bright Outlook for Apples.

Apple growers throughout the Ohio valley are jubilant over the prospects for an immense apple crop next season. They say that the early cold snap in November and December prevented the sap from rising in the trees, which in cold weather during the latter part of the Winter or early Spring freezes and kills the buds. They say that in the present condition of the trees no amount of cold weather can effect next season's crop of fruit and a large yield is assured. Apple buyers are already in the field buying the next season's crop. A gentleman living near Chenault, Ky., who has an apple orchard of a thousand trees, was offered a few days ago $3,000 cash for his next season's crop, the purchaser to assume all responsibility for a failure and to gather the fruit at his own expense. The man would not sell, however, and stated that, in view of the present prospects, he could not accept $5,000 for his crop.

Discovered by a Woman

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her, and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose that she slept all night; and with two bottles has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamnick & Co., of Shelby, N. C. Trial bottles free at Tureman & Son's Drug Store. Regular size 50c and $1. Every bottle guaranteed.

IT is not generally understood that Boston leads New York in the exportation of cattle, sheep and dressed beef, but such is the case. From the Boston port 134,722 cattle, 74,516 sheep and 617,312 beef quarters were exported in '98 and from the New York port 124,848 cattle, 20,981 sheep and 500,627 beef quarters were exported during the same period.

Robinson-Kelly.

[Paintsville Commercial, Jan. 5, '99.]

On last Wednesday evening a host of friends gathered in the parlor of Mr. J. S. Kelly, of Mouth of John's Creek, Ky. They had met to witness the marriage of his daughter, Miss Nora, to Rev. Sam Robinson, of the M. E. Church, South.

Shortly before the hour arrived, the large crowd was formed into a circle round the beautifully lighted room. Just as the clock gave warning for the hour of six, Rev. E. M. Robinson, the officiating minister, stepped into the ring. He was immediately followed by the contracting parties—the bride leaning on the arm of her affianced,—who took their places in the center. The bride was tastefully attired in white silk and orange blossoms, the groom in the conventional black. As the hands of the clock became diametrically opposed to indicate the appointed hour, a sweet contrast was seen. The hands of the couple on the floor were clasped in glad agreement. Then by a short, but suitable ceremony, they were soon made "man and wife."

A few moments were spent in greetings and congratulations, then the company marched out to a sumptuous supper in the commodious dining hall. Misses Margaret Kelly and Fannie Reynolds did the honors of the table with most exact nicety. During the remainder of the evening the large number of persons was charmingly entertained in various ways. A great deal of the time was spent in music and admiring the many wedding presents. Before anyone scarcely noticed it the hour of midnight arrived, when the crowd retired—some to their homes, others to their rooms.

Early next morning, the bridal pair left for the bridegroom's home at Myers, Ky.

Those present from Paintsville were Messrs. Bird Webb and T. S. Williams with their sisters, Misses Allie and Ella.

When You Have a Bad Cold

You want the best medicine that can be obtained, and that is Chamberlain's Cough Remedy.

You want a remedy that will not only give quick relief, but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy is the only medicine in use that meets all of these requirements. This remedy is famous for its cures of bad colds throughout the United States and in many foreign countries. It has many rivals, but for the speedy and permanent cure of bad colds, stands without a peer and its splendid qualities are everywhere admired and praised. For sale by S. P. Barns, druggist.

The President and the Filipinos.

President McKinley is not disposed to be as humane and as generous to the Filipinos as the King of France was to our forefathers. Lafayette assisted the patriots, who were denounced as half savage rebels, to throw off the yoke of Great Britain, but he did not turn about and tell them that he would shoot them down unless they submitted to the rule of the King of France. Fortunately for us, the King of France was not a McKinley. We are of the opinion that if McKinley ever orders our soldiers to shoot down the people of the Philippine Islands because they stand for the right of local self government, he will discover that the breed of the men who fought for our freedom is not extinct in this country. Such an act of imperialism would convert our flag of freedom into an emblem of oppression, and violate the fundamental principles upon which the Republic stands, that "all government derives its just powers from the consent of the governed."

Taking from Spain her disputed title to sovereignty over the Philippines may have been a humane act, but to deny liberty and the right of local self-government to the Filipinos would be an inhuman crime against liberty, committed in the name of humanity.—[Louisville Dispatch.

These are dangerous times for the health. Croup, colds and throat troubles lead rapidly to Consumption. A bottle of One Minute Cough Cure used at the right time will preserve life, health and a large amount of money. Pleasant to take, children like it. R. P. Sparks, People's Drug Co.

MORRIS J. FARRIS, an authority on such matters, says there is a big shortage in the number of feeding cattle now in Boyle county. This is due to the scarcity of stock and the consequent high prices. The coming in of the Ohio buyers had a big influence on the trade here, and several hundred feeders which went to that State would otherwise have been in pastures in this section. There is more rough feed, and less stuff to eat it, than has been known in Boyle county in a long time.—[Danville Advocate.

THE Winchester Democrat has a long editorial in its last issue booming Chief Justice Hazelrigg for the Democratic nomination for Governor.

Pleurisy

Pleurisy and pneumonia are frequently developed, in a very short space of time, from a common cold, and, if such an acute inflammation of the lungs is not promptly allayed, the worst may happen. With the aid of Dr. Bull's Cough Syrup, however, you need not have any fear; for this great remedy speedily subdues the inflammation, eases the pain in breathing and always effects a cure in a wonderfully short time.

Dr. Bull's Cough Syrup
Cures Pleurisy and Pneumonia.

Dimensions of Heaven.

Did you ever read the sixteenth verse of the twenty-first chapter of Revelations? No. Well, read it and you will get some interesting figures about the world above the skies. It gives the dimensions of heaven, and reads this way: "And he measured the city with a reed, 12,000 furlongs. The length and the breadth and the height of it were equal.

"Have you ever made the calculations?"

"Yes, here it is now," and he handed the reporter the following:

"Twelve thousand furlongs equal 9,920,000 feet, which being cubed, is 496,793,088,000,000,000,000 cubic feet. Reserving one-half of this space for the throne and court of heaven and half the balance for streets, and have the remainder 114,198,272,000,000,000,000 cubic feet. Divide this by 4,096, the cubic feet in a room sixteen feet square, and there will be 30,321,843,750,000,000 rooms. Now, suppose the world always did and always will hold 900,000,000 inhabitants, and that a generation lasts thirty-three and one-third years making in all 2,000,000,000 inhabitants every century, and that the world will stand 100,000,000 years or 100 centuries, making in all 2,070,000,000,000 inhabitants. The suppose there were 100 worlds equal to this in number of inhabitants and duration of years making a total of 2,970,080,000,000,006,000 persons, and there would be more than a hundred rooms sixteen feet square for each person."

Glorious News

Comes from Dr. D. B. Cargile, of Washita, I. T. He writes: "Four bottles of Electric Bitters has cured Mrs. Brewer of scrofula, which had caused her great suffering for years. Terrible sores would break out on her head and face, and the best doctors could give no help, but her cure is complete and her health is excellent." This shows what thousands have proved—that Electric Bitters is the best blood purifier known. It's the supreme remedy for eczema, tetter, salt rheum, ulcers, boils and running sores. It stimulates liver, kidneys and bowels, expels poisons, helps digestion, builds up the strength. Only 50c. Sold by Tureman & Son, Druggists. Guaranteed.

BATH county has "farmed out" her paupers at $12.50 per head, for the next year. This is at the rate of $1.04 1-6 per month. It costs at least $2 per month to graze a good steer. Question in equations: If it costs $1.04 1-6 per month to maintain a Bath county pauper with a profit left to the keeper, and $2 per month to graze a steer, on what days in the week will the pauper get pie?—Mt. Sterling Gazette.

A HUSBAND SAYS:

"Before my wife began using Mother's Friend she could hardly get around. I do not think she could get along without it now. She has used it for two months ...

SENATOR BLACKBURN doesn't think President McKinley can succeed himself. The following interview is from the Washington Times:

"Former Senator Jo C. S. Blackburn, of Kentucky, calls at the White House occasionally. Blackburn and McKinley were associated in the House and personally they are good friends. "The last time I was at the White House," said Mr. Blackburn recently, "was in response to a personal invitation from the President to call. Mr. McKinley appeared anxious to obtain my opinion of the political outlook for the future. I told him frankly that in my judgment he could not be re-elected. He seemed surprised. 'Your Administration,' I said, 'has fought a brief and successful war, but your troubles have only just begun. The result of the late war issues growing out of it will, in my judgment, swamp both you and your Administration. You cannot help it that I can see. You are not responsible. You are simply a victim of circumstances or fate. I do not believe that either of us, or in fact, any one of us alive to-day will live to see an Administration succeed itself in office. Public sentiment in this country changes too rapidly. What the public wants today and gets, it is certain not to want to-morrow.' What did the President say? Well, he told me that he did not agree with me, but that he would always be glad to see me at the White House whenever I felt inclined to call. I reminded Mr. McKinley that Polk had not been re-elected, although his Administration had fought the Mexican war, which brought a large addition to this territory.

"Mr. McKinley is a gentleman and an able politician, but he cannot succeed himself. No President can or will succeed himself during the lifetime of the present generation."

"I take pleasure in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy to all who suffer from pains in the stomach," says Mr. Milt McKinley, editor of the Rawson (O.) Herald. "Until I used this remedy it was, at times, impossible for me to be in my office, owing to attacks lasting from one to two days. By taking it as soon as the first symptoms of the attack are felt, I no longer suffer this unpleasant sickness." For sale by S. P. Barns, druggist.

QUAY's petition for a change of venue in the cases against him for bank looting, was dismissed at his costs, and he will have to stand trial in the vicinage of the commission of his alleged crime. Not many men are as busy these days as the Pennsylvania Senator, for with trying to keep in the Senate and out of the penitentiary, his entire time is taken up. He has secured his renomination, but as there are 19 Republican Legislators against him and they are necessary to his election, he is having a hard row to hoe both in the Legislature and the courts. The 19 are placed in this attitude now: If they go over to him the smell of bribery will forever hang about their garments, and if they hold out against the nominee of the caucus they will be politically damned. It is therefore, a case of they will be damned if they do and be damned if they don't, with hell at the end no matter which way they fly. Quay will likely use the right kind of persuasion on a sufficient number of them, however, and be re-elected ...

ROYAL BAKING POWDER CO., NEW YORK.

IF Commonwealth's Attorney Robert Franklin, of Frankfort, succeeds in knocking out the insurance combine he will reap a snug reward in the shape of commissions. Some time ago he secured indictments against all the companies, (about 100) doing business there, and also against their agents. These indictments are still pending, and he must feel pretty sure of winning his fight as he this week had all the companies and their agents again indicted "for conspiring together to fix the rates of insurance etc." There is no question as to the combination to fix the rates, and there is little doubt that the courts will sustain Mr. Franklin's position that this combination is in violation of the anti-trust law.—[Maysville Bulletin.

To insure a happy new year, keep the liver clear and the body vigorous by using De Witt's Little Early Risers, the famous little pills for constipation and liver troubles. R. P. Sparks, People's Drug Co.

THE Kentucky Court of Appeals decided that laundry companies operating in Louisville must pay a license tax, but that agents of foreign companies can not be made to pay. In the case of Ballard & Ballard against the Fidelity and Casualty Company, to recover insurance, the court held that when a policy had been written by an agent with the provision that it should hold good until rejected by the company, said company was liable for losses sustained before notice of rejection.

THE exporting of corn to Europe and other foreign ports from Texas is becoming an immense business. More than 1,500,000 bushels have been loaded into steamers at Galveston within the last two months, and over 98 per cent. of this corn was grown in Texas. The corn exporting season has just begun, and the shipments thus far made are small in comparison with what will be made.

How to Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's ...

Quay and Kenney in the Senate.

[St. Louis Post Dispatch.]

Messrs. Quay and Kenney, the two United States Senators who are having controversies with the prosecuting attorneys of their States, were not greeted very warmly by their colleagues when the Senate reassembled.

This is gratifying. The Senators are waking up to the claims of senatorial honor, which is too often postponed to senatorial courtesy.

The Senate has been called the greatest legislative body in the world, and it has deserved the praise. It has been famous for the genuine and high personal character of its members. It has been the most representative of all American institutions.

It is high time for the Senators to take action if its character is to be saved and the respect of the country preserved. Men under indictment for swindling who have to resort to desperate technicalities to save themselves from conviction should not be tolerated.

La Grippe is again epidemic. Every precaution should be taken to avoid it. Its specific cure is One Minute Cough Cure. A. J. Shepard, publisher Agricultural Journal and Advertiser, Eldon, Mo., says: "No one will be disappointed in using One Minute Cough Cure for La Grippe." Pleasant to take, quick to act. R. P. Sparks, People's Drug Co.

HON. A. J. ... has been nominated by the Republicans of the Indiana Legislature for United States Senator to succeed Senator Turpie.

TABLER'S BUCKEYE PILE LINIMENT is the only remedy for blind, bleeding or protruding piles, indorsed by physicians, cures the most obstinate cases. Price 50 cents in bottles. Tubes 75 cents. For Sale by TUREMAN & SON.

THE Canadian Government has reduced the domestic letter rates from 3c. to 2c. per ounce, beginning January 1. Under the convention between the United States and Canada letters are sent from this country to Canada for 2c. the domestic rate of each country applying to letters sent. The reductions now made is reciprocal, and for the first time permits letters to be sent from the other side at 2c. instead of 3c.

IT is foreshadowed in the Paris Press that the Court of Cassation will render judgment in favor of Dreyfus. If he shall be liberated who can calculate the real damages he should rightfully be able to collect from the French government? No money could repay, no restored honors could atone for the grisly horrors he has suffered alone on that prison island, to say nothing of the deep disgrace that must have torn his heart.

The worst after effects of Influenza arise from deranged functions of the liver. Clear the blood at once with HERBINE, for it will strengthen the liver to withdraw from circulation the biliary poisons. Price cents 50. For sale by TUREMAN & SON.

THE town of Pullman, after a fruitless fight in the courts, has been absorbed by Chicago and will cease to be a separate municipality. The town covers 600 acres and is thickly populated with the employes of the Pullman Palace Car Company. Its municipality has been the most unique in the country.

In pulmonary trouble, the direct action of COUSSEN'S HONEY OF TAR upon the throat, chest and lungs, immediately arrest the malady, by relieving the distress, cutting the phlegm and freeing the vocal and breathing organs. Price 25 and 50 cents. For Sale by TUREMAN & SON.
