

Thin Blood
The blood in your system is the most important factor in your health. If it is thin, you are liable to all kinds of diseases. The most common of these is anemia, which is a condition of the blood in which the red corpuscles are deficient in number and quality. This condition is caused by a variety of factors, including poor nutrition, overwork, and disease. The result is a general weakness and a lack of energy. The only way to cure this condition is by taking a course of pure vegetable blood purifier. This will cleanse the blood and give it the strength and vitality it needs. The result will be a new lease of life and a freedom from all the troubles of thin blood.
