GREENBACKS or Government Money.
At close of conflict—When there appeared to be little chance of ever redeeming the promises to pay which had been issued by the Government during the Civil War—in that country—the money that is to-day worth 100 cents on the dollar was worth only 35 cents. Many of the leaders of the Democratic party in the State of Kentucky—at the present time—are in favor of the government doing the business of the country on a basis of 35 cents on the dollar. For a business proposition of this kind—the Democratic party—is the best party that could be found. It is a party of repudiation—and has been from its birth. It is a party that is opposed to the payment of every debt that it can possibly avoid paying. It is a party that is opposed to every business enterprise—without exception—that is conducted on a cash basis
