ENTERED IN THE CARLISLE POSTOFFICE AT SECOND-CLASS MATTER.

THURSDAY, APR. 5 1900

In Cincinnati Monday the Republicans elected Mayor and other officers by over 8,000 majority.

It is said that Hon. Claud Dorks, Harrison, will enter the race for Congress in the district, shortly.

The National Pensions will make a convention in Cincinnati in May. Hon. John O. Hunt, of this county, is a member of the National committee.

The tobacco case in the Governor and Lt. Governor case was dismissed by Judge Moseley, and it is reported that a verdict in favor of the Democrats will be rendered this week.

CHICOT COUNTY is in session at Frankfort, and the grand jury is investigating the Goebel assassination. A big lot of indictments are expected. The grand jury is almost unanimously Democratic.

There is no dollars and get a chance to read Colonel Breckinridge's editorial in The Kentucky Herald of Lexington all the home news in the The Kentucky Herald every morning. Subscribe. 50 cents per month.

In the character of State Field Agent, statement in which he said he preferred Indianapolis to a will in the State, but not enough pay at this time. He was an office-seeker simply deprived the Powers and Davis track on him.

Hon. Jake D. McIntire, attorney for the Louisville & Nashville Railroad and chairman of the Democratic County Executive Committee of Bath county, is a candidate for Democratic nomination for Democratic Committee from the North Congressional District.

Hon. South Trimble, Speaker of the House of Representatives, was nominated as a candidate for engrave in the 7th District, and from the present outlook he is in the race big. At Paris Monday he received much encouragement as to that county.

A Convention was held Monday between Attorney Campbell and H. T. Tomlin. Remarks were not given out but rumor has it that the most "damaging" evidence has been secured against Tomlin than any of the other suspects. Another "confession" is looked of.

Senator S. B. Harrel, who came up with an excitement at Frankfort by confessing that he had agreed to sell his vote to tell John Whallen for $1,000, is out in a letter upon letter against Democratic, accusing the latter of bad ingratitude, and claiming that if it had not been for him Harrel, Berkley would not now be parading as Governor and Lt. Governor. Harrel says he will refuse to pay the price promised for the nomination, i. e. office for Harrel, and is therefore ungrateful.

On our 1st page today will be found the story of Detective Jno. Sanderson of Louisville, in regard to the Goebel murder conspiracy. On this page will be found a statement of Sanford Wagoner of Winchester in regard to a talk he had with Jerome Beckham, the alleged Goebel murderer in jail. The statement is very interesting and we advise all to read it. The Mercury is aiming to give the news in regard to this most distressing affair as nigh as possible, in order that all may know what is going on. We are not trying to make sensation of our exchanges seem to be doing.

The Mercury will not make any differences with any of its exchanges. If any exchange wants to be cut off, they only need to say so, and the matter will be attended to at once. We have no desire to have any trouble with any of our brothers in the profession, and we have many influences with several hundred of the best Democrats in the county, and we know that a little controversy over a matter of this kind will do no good. We regret the Republicans are good. We have plenty of business to attend to, and if others prefer to devote the time of our destruction to the matter, they had as well make up their minds to enter on hatred and bitterness. MIRANDA.

Miss Dorcas Campbell is spending a few days with her parents on the Stone House.

Miss Lucy Bell, children all visited down with something like the measles, but we are glad to say they are all improving and will be out soon.

Miss Ada Tate has had quite a spell of sickness, but is now better.

Miss Hattie and L. Davis are putting up a nice residence on the Stone House and will grind Friday and Saturday.

Evening news shows both peoples are going to Bourbon to attend the Democratic meeting. Let's go!

Two carloads of lumber. Protect your property and buy of Davis in the Box. S. N. Williamson, Agt.

Wilkerspeet, and Scott.

The most sensational matter coming from Frankfort last week was the statement made by H. B. Witherspoon and Judge Franch of Winchester, charging that Hon. James Kendall Hargis, who well knows Frankfort hotel, had tried to bribe them to vote for Goebel. Mr. Witherspoon said he (Judge Franch) a big share of the reward money. Judge Franch said he had still enough to keep Taylor well-heeled the Republican party hereafter. However, Mr. Smith denies, saying that he went to Winchester on the train Tuesday, who had already embraced in the Democratic fold, and that Witherspoon was a member of the Democratic party.

Today's Bramble claims that Kentucky knows positively Frankfort, and is supposed formed to nominate Senator Lindsay Tuesday, and that Hon. J. C. W. Campbell standing second honors with Tuesday at the 3rd ballot. Mr. Campbell's latter was very nervous. The ground was covered with snow, and the whole affair created a good deal of excitement. We hope that the party can well be united in the interest more than ever before.

The G. G. Vale distillery at Paris, Ky., was burned Tuesday. The loss is $100,000, partially covered by insurance. The distillery will be rebuilt at once. A dispatch says the burning of a large whisky distillery in the east part of the latter. Evening Weekly full and keep it from running. Loss, $100,000; insurance, $50,000. The whisky loss will probably exceed $100,000. The distillery was owned with Hon. Thomas Hunter and others. C. S. Williamson, Agt.

ACCIDENT.

An accident Friday will not alleviate the pain but it will pay for Doctor's care. Call and keep the horse sensible. Insurance in the Action. Organized in 1849. The oldest and strongest company with which to insure. C. S. Williamson, Agt.
